The Debt Policy for Birch Bay Water & Sewer District is established to help ensure that all debt is issued both prudently and cost effectively. The Debt Policy sets forth comprehensive guidelines for the issuance and management of all financings of the District. The Debt Policy is separate yet integrated through reference with the District Financial Management Policy and the District Budget Policy. Adherence to the Debt policy is essential to ensure that the District:

- maintains a sound debt position;
- protects the credit quality of its obligations and achieves the highest practical credit rating;
- minimizes borrowing cost and maintains access to cost effective borrowing;
- maintains complete financial disclosure reporting;
- ensures compliance with applicable local, state and federal law;
- employs the use of debt to compliment, but not fully replace, significant commitments for capital purposes.

Section II. Legal Governing Principles

In the issuance and management of debt, the BBWSD shall comply with the state constitution and with all other legal requirements imposed by federal, state, and local rules and regulations, as applicable.
