EXPLANATORY STATEMENT

If approved, this measure would increase the present sales and use tax from two-tenths of one percent (0.20%) to three-tenths of one percent (0.30%), increasing the local sales tax rate from 9.1% to 9.2%. The three-tenths of one percent tax rate equates to 3 cents on a \$10 purchase. The sales tax rate would remain in place for 10 years, beginning January 1, 2024, and raise approximately \$935,000.00 annually. The sales tax will only be used to fund street maintenance and repairs, and transportation infrastructure improvements, including but not limited to the projects identified in the City of Airway Heights Transportation Improvement Plan. The tax will be collected from all taxable sales occurring within the City of Airway Heights.
