1.00 INTRODUCTION

The Handbook is prepared so that employees will better understand how the City operates and what is expected of employees. It is a summary of the City's personnel policies and practices, and is intended as a general guide to how the organization functions. We want to create a work environment that allows individuals to maximize their contribution to the organization and results in personal satisfaction. We believe that when consistent personnel policies are known and communicated to all, the chances are increased for greater job satisfaction.

While the City hopes that the employment relationship will be positive, things do not always work out as planned. Either party may decide to terminate the employment relationship. No supervisor, manager or representative of the City, other than the City Manager, has the authority to enter into any agreement with you for employment for any specified period or to make any promises or commitments contrary to the contents of this handbook. This handbook is not intended as a contract, express or implied, or as a guarantee of employment for any specific duration. As the need arises, the City may from time to time modify these policies. The City also reserves the right, at its sole discretion, to depart from the guidelines outlined in this handbook, in order to meet the business needs of the City. If you have any questions about any of our policies, please ask your supervisor or Human Resources.

We wish you success in your position and hope that your employment relationship with the City will be a personally rewarding experience.

2.00 APPLICABILITY AND AUTHORITY

- A. Except as hereafter set forth, this Handbook is applicable to all employees of the City except the City Manager who serves at the discretion of the City Council.
- B. The City Manager has designated, in writing, specified senior management positions whose employment is “at will” and employees in those positions shall serve at the discretion of the City Manager. No provisions of this Handbook shall change that at will status.
- C. In cases where these policies are in conflict with local, state or federal law, the provisions of local, state or federal law will govern. If any provision of these policies or their application to any person or circumstance is held invalid, the remainder of the policies will not be affected.
- D. Authority to take personnel actions is vested in the City Manager. This authority shall include but not be limited to hiring, promoting, demoting, evaluating, reclassifying and terminating employees. Authority for personnel actions is frequently delegated to Department Directors and immediate supervisors; however, coordination of all such actions through Human Resources is required.

The Department Director, after consultation with the Director of Human Resources, will determine if a position will be posted internally for regular employees only, or posted both internally and externally. If posted internally only, it will be open for 5 working days; if no qualified internal candidates apply, it will then go into the regular external recruitment process.

4.03 Reference Checking

Human Resources will then release information stating job title, length of service and eligibility for rehire. The supervisor will immediately report the information to the Department Director who will consult with Human Resources and together they will determine how to investigate the matter and ensure that appropriate action is taken. Human Resources shall also report the information to the City Manager.

The decision to define and implement steps to eliminate the problem is at the sole discretion of the City Manager. A decision as to which employee will remain must be made by the two employees within 30 days of the date they marry or become related. 4.15 Outside Employment

The City expects that it shall be the primary employer for all regular employees. Therefore, employees shall not engage in employment or render services for pay for any public or private interest (including self-employment) when such activity may:

- A. Occur during working hours;
- B. Detract from the efficiency of the employee while performing City duties;
- C. Constitute a conflict of interest or create an appearance of impropriety as determined by the City Manager;
- D. Utilize confidential information or contacts made during City employment which would give an unfair insider advantage or would otherwise be an inappropriate use or disclosure of such information or contacts;
- E. Take preference over extra duty required by City employment;
- F. Interfere with emergency callout duty;
- G. Tend to impair independence of judgment or action in performance of official duties;
- H. Involve the use of any City resources such as copiers, telephones, supplies, other equipment, or time; or
- I. Interfere in any other manner with the employee's provision of quality customer service.

In order to protect the interests of both the City and the employee, it is important that an employee and his or her Department Director have an opportunity to discuss any outside employment with the goal of avoiding any possible conflicts between the City and the other employment. Prior to engaging in any outside employment, an employee shall provide his or her Department Director with written notice of his or her intent to engage in the outside work. If an employee is unsure as to these criteria or the effect of his or her outside employment, he/she should consult with his or her Department Director or the Human Resources Director for clarification. After receiving the employee's request, the Department Director shall consult Human Resources and if the request complies with this policy, the Director may approve the outside employment.

If the Department Director, in consultation with the Human Resources Director, determines that the outside employment interferes with or reduces the efficiency of City employment, then the Director shall recommend to the City Manager that the request to engage in the employment shall be denied. After considering the employee's written request and the recommendation of the Department Director and Human Resources, the City Manager shall make a decision approving or denying the request.

Failure to comply with these provisions concerning outside employment may be grounds for disciplinary action, up to and including termination.

5.00 GENERAL WORKING CONDITIONS AND PERSONNEL ADMINISTRATION

5.01 Working Hours

The workweek for regular, full-time employees is 40 hours. The daily hours of work shall be set by the Department Director with respect to each department as necessary for the efficient operation of the City. Employees may be requested to work different schedules, including varying shifts, weekends, holidays and overtime to meet the needs of the City or of specific departments. Varying schedules or overtime may also be required in emergency situations as defined by the City Manager.

Employees may request to work flex time or to job share. Flex time and job share arrangements may not interfere with efficient City operation and must provide for effective service delivery. Flex time and job share must be approved by the Department Director, after consultation with Human Resources.

5.02 Breaks

- A. **Lunch and Rest Breaks:** All employees working an 8 hour day shall be entitled to at least a one half hour unpaid meal period within five hours of the beginning of his/her shift, and scheduled as close to the mid point of the day as possible. In addition, employees are entitled to a paid ten minute rest break for each four hours of working time. Employees who are able to take a break as needed do not have to take a formally scheduled break and it is the employees' responsibility to take these breaks. Breaks shall be arranged so as not to interfere with normal business operations. All breaks should be taken away from the employee's immediate work area. Breaks cannot be combined or saved until the end of the day in order to arrive at work late or to leave work early.
- B. **Lactation Breaks:** For one year after her child's birth, nursing employees are allowed to take reasonable breaks to express breast milk whenever the nursing employee feels it is necessary to do so. Lactation breaks will be treated as outlined under Section 5.02A. A private space for this purpose has been established at all City worksites. If you need information on the space at your worksite contact a supervisor or Human Resources.

5.03 Overtime, Standby and Callback (non-exempt employees)

Overtime: All non-exempt employees will receive compensation for approved time in paid status in excess of 40 hours in a work week. Employees receiving overtime will be paid at one and one-half the regular hourly rate of pay. All overtime must be authorized in advance by the supervisor.

Standby: A department may assign an employee who may be needed to work during off-hours to be on standby. Standby assignment normally will

be rotated among similarly situated employees. An employee placed on standby shall be provided with a paging device to enable the employee to conduct his or her personal business within range of the paging device. Each employee on standby will receive compensation at the currently established rate for those hours on standby, and this allowance will be suspended when callback commences. Standby is not to be counted as hours worked for purposes of computing overtime or eligibility to receive benefits. Employees on standby will be expected to report for work within an hour of a request. If an employee on standby status fails to respond to a call to return to work, he or she may be subject to disciplinary action.

Callback: Employees called back to work shall be paid a minimum of two hours at a rate of time and one-half. Hours worked on callback beyond the 2 hour minimum shall be paid at the overtime rate of pay, unless such time is part of the employee's regularly scheduled work shift.

5.04 Compensatory Time (Non-Exempt Employees)

Limited amounts of compensatory time may be granted. A non-exempt employee who is in paid status more than 40 hours in a work week may earn compensatory time at one and one-half times the straight time, instead of paid overtime, when requested by the employee and approved by the employee's supervisor. Compensatory time may not accumulate beyond 40 hours, and must be used within six months of award. Compensatory time not used within six months will be paid.

5.045 Twelve Hour Shift Policy (Non-Exempt Employees)

From time to time the City Manager may determine the need to assign City employees to work 12-hour shifts in order to effectively respond to inclement weather, natural disasters or other similar emergency events. The provisions of this policy apply in the case where the City Manager makes a declaration assigning employees to a "City Manager designated 12-hour shift".

- A. **Pay to transition assigned employees into the 12-hour shift.** When employees are working at the time the City Manager declares a 12-hour shift, night shift employees shall be sent home with pay to rest and prepare for the night shift. This period of pay shall cover the time between the declaration of the 12-hour shift until the end of their regularly scheduled work day.
Example: An employee is at work and is scheduled to work until 4:00 pm. The employee normally takes a half hour lunch at noon. At 11:00 am the City Manager declares a 12-hour shift. The employee, assigned to the night shift, is sent home at 11:00 to rest and report to work at 9:00 pm for the night shift. The employee receives 4½ hours pay—1 hour from 11:00 to noon and 3½ hours from 12:30 pm – 4:00 pm.
- B. **Shift Differential.** In recognition of the inconvenience of having to work unusual hours with very little notice and under conditions that are generally difficult due to weather or other uncomfortable conditions, employees

assigned to the declared 12-hour shift shall receive an additional \$3 per hour shift differential for all hours worked beyond their normal assigned shift. When an employee is working a 12-hour shift on a day they are not normally scheduled to work, all hours worked shall be considered to be “beyond their normal assigned shift”. *An example of how the policy would apply:* Assume the following facts:

- Both Employee A and Employee B normally work a schedule of 7:00 am – 4:00 pm (with an hour unpaid lunch break).
- Employee A is assigned to the 9:00 pm – 9:00 am night shift. For each full night shift worked, Employee A will receive 10 hours of shift differential pay from 9:00 pm until 7:00 am to compensate for hours that Employee A does not normally work. This same amount of differential pay will apply regardless of which day of the week the work is being performed.
- Employee B is assigned to the 9:00 am – 9:00 pm day shift. For each full day shift worked, Employee B will receive 5 hours of shift differential pay from 4:00 pm until 9:00 pm to compensate for hours that Employee B does not normally work. This same amount of differential pay will apply regardless of which day of the week the work is being performed.

C. **Pay for meal breaks.** During the declared 12-hour shifts, employees shall be paid for required meal breaks.

D. **Premium Pay for work on days when City Hall is closed.** In the event that the City Manager closes City Hall for any period of time during any normal work day during the period of the declared 12-hour shift, any employee assigned to the 12-hour shift who works during the calendar day the City Hall is closed shall receive straight time “comp time” for the time that City Hall is closed, in addition to their pay for their shift. For the purposes of a full day City Hall closure, the “time closed” shall be 8 hours.

Example: The City experiences severe snow storms and the City Manager declares a 12-hour shift beginning on Monday and the 12-hour shifts continue through the weekend. During the work week, due to the snow, the City Manager closes City Hall for the entire work day on Wednesday. In addition the City Manager closes City Hall 2 hours early on Thursday to allow employees at work to drive home safely.

- Employee A is assigned to the night shift and works the night shift on both Wednesday and Thursday as scheduled. In addition to appropriate pay for the hours worked, Employee A will receive 10 hours of comp time. (8 hours for having worked on Wednesday and 2 hours for having worked on Thursday).
- Employee B is assigned to the day shift and works the day shift both Wednesday and Thursday as scheduled. In addition to appropriate pay for the hours worked, Employee B will receive 10 hours of comp time.

(8 hours for having worked on Wednesday and 2 hours for having worked on Thursday).

- Employee C is assigned to the day shift and is scheduled to work both Wednesday and Thursday; however, Employee C works Wednesday but then calls in sick and does not work as scheduled Thursday. Employee C will receive 8 hours comp time. (8 hours for having worked on Wednesday but 0 hours for Thursday).

5.05 Inclement Weather

The City is in the business of providing vital public services and therefore does not cease operations during times of inclement weather or natural disasters. The City may be the only organization providing essential services to citizens. Therefore, all employees are asked to make every reasonable effort to report to work during such times even if it is inconvenient.

A non-exempt employee who is unable to get to work or who leaves work early because of weather or natural disaster conditions may either charge the time missed against accrued vacation leave, compensatory time, or take leave without pay for the time missed. Tardiness due to an employee's inability to report for scheduled work because of severe weather conditions may be allowed up to one hour at the beginning of the work day or at the discretion of the City Manager. Inclement weather or natural disaster tardiness in excess of that allowed by the City Manager shall be charged as provided above.

In the event that the City Manager advises employees not to report to work or to leave early due to inclement weather or natural disaster, such time off will be paid time off and not charged to accrued vacation leave or compensatory time. Non-exempt employees who are available and report to work or continue to work in this situation, if requested by the City Manager, shall either be paid time and one-half for the actual hours worked or be given compensatory time off, at another time mutually agreed upon by the employee and the supervisor.

5.06 Performance Evaluations

Each regular employee's performance will be evaluated by his or her supervisor on an ongoing basis. The City also has a formal performance evaluation system.

Employees who disagree with their formal performance evaluations may provide comments on the evaluation form itself and may also submit a rebuttal in writing that will be attached to a copy of their performance evaluation and kept in their official personnel file. Employees may also appeal pursuant to **Section 8.15 Complaint Resolution Procedure**.

5.07 Classification and Compensation Plan

The City has a strong interest in attracting and retaining excellent employees. It is the policy of the City to maintain a comprehensive classification and compensation program. Within budget limitations, the City endeavors to pay

salaries competitive with those paid within comparable jurisdictions and within the applicable labor market.

The City Manager shall be responsible for the administration of the classification and compensation plan. All changes in classifications and changes in assignment of classifications to salary ranges must be approved by the City Manager.

- A. **Classifications.** A classification description consisting of an appropriate title, description of duties, statement of minimum education, experience and training is prepared and maintained for all regular positions within the City. Each classification is assigned a salary grade and corresponding salary range by the Human Resources Director and the City Manager, with input from the appropriate Department Director. Periodically, the City may revise its classification descriptions and re-evaluate individual jobs.

- B. **Classification Review.** An employee who does not believe that his or her classification accurately reflects the current duties of the position may request a review of his/her classification by the Department Director. After review by the Department Director and the Human Resources Director, any changes shall be recommended to the City Manager for reclassification as appropriate. The City Manager retains the final authority to approve or disapprove changes in classifications, within budgetary guidelines, and/or assignment of duties to employees. Any changes in classification that would increase an employee's pay rate will be retroactive to the date of submittal of the request for review.

- C. **Steps.** The compensation plan consists of minimum and maximum salaries and six salary steps for each class of positions. The steps are set at 4% increments. Each step is an annual step. Once the top step is reached, the employee remains in the top step as long as the employee remains in the position.

- D. **Starting Rates of Pay.** New employees generally will begin their employment at step 1 of the range for the classification. At the request of a Department Director, the Human Resources Director may recommend to the City Manager that a new employee start at a higher step. The City Manager must give approval prior to offering a salary above step 1. Offers will be extended by either the Human Resources Department or the Department Director.

Circumstances that support hiring above Step 1 include:
 - 1. Additional and directly applicable education or experience above the minimum requirements;
 - 2. Market conditions, including the applicant's current salary, that support a higher starting salary;

3. The proposed higher salary will not create inequities with existing internal salaries.

- E. **Step Increase.** Regular employees not at the top step will be considered annually for advancement to the next step. The step increase will be effective on the step increase date.
- F. **Promotion.** A regular employee receiving a promotion shall be placed in the first step in the new range that provides for at least a 5% increase or the top step of the new range if there is not step that allows at least a 5% increase. The employee's promotion date becomes the employee's step increase date.

If the Department Director believes that circumstances warrant an exception to the 5% placement rule, and if the Human Resources Director concurs, they may recommend to the City Manager a higher placement. Circumstances that support a placement greater than a 5% increase are:

1. Additional and directly applicable education or experience above the minimum requirements;
2. Market conditions that support a higher starting salary;
3. The proposed higher salary will not create inequities with existing internal salaries.

G. **Transfer.** A regular employee receiving a transfer shall remain in the same step and retain the same step increase date.

H. **Demotion.**

1. **Disciplinary Demotion.** If the demotion is a result of a disciplinary action, the employee shall be placed in the highest step in the new range that provides for a decrease. The demotion date will become the employee's new step increase date.
2. **Any Other Demotion.** If the demotion is a result of any reason other than discipline and the employee's current salary is within the new pay range, the employee shall remain at the same rate of pay until the employee's next step increase date. On the step increase date, the employee shall move to the next step in the new range that provides for an increase. The employee shall retain the same step increase date.

If the employee's current salary is higher than the top step of the new salary range, the employee shall be placed in the top step of the new range.

I. **Y-Rating.** When a regular employee's position has been y-rated, the employee will remain at the same rate of pay until the pay range

increases enough to include that rate. At that time, the employee shall be placed in the first step that does not provide for a decrease. No COLA or step increase will be awarded during this period.

5.08 Out of Class Pay

When a Department Director or the City Manager assigns a regular employee substantially higher paid responsibilities outside the scope of his or her job classification and the assignment exceeds ten working days, the employee shall be paid an additional 5% for the entire period of the out of class work. The assignment and the out of class pay must be in writing and approved by Human Resources prior to the Department Director making the assignment.

If the Department Director believes that circumstances warrant an exception to the 5% placement rule, and if the Human Resources Director concurs, they may recommend to the City Manager a higher placement. Circumstances that support a placement greater than a 5% increase are:

1. Additional and directly applicable education or experience above the minimum requirements;
2. Market conditions that support a higher starting salary;
3. The proposed higher salary will not create inequities with existing internal salaries;
4. The proposed higher salary is not higher than would be awarded if the employee were promoted into the position.

5.09 Garnishment

The City will honor and process any legally served writ of garnishment against any employee without prejudice towards the employee.

5.10 Employee Training and Development

It is the intent of the City to provide training opportunities to employees for building of skills directly related to the job. These opportunities may include in-house workshops, or workshops and seminars sponsored by other agencies or institutions.

5.11 Educational Reimbursement Program

The City has established an educational reimbursement program to help eligible regular employees develop their skills and upgrade their performance. All full time regular employees who have completed a minimum of one year of service are eligible to participate in the program.

Under the program, educational reimbursement is provided for courses offered by approved institutions of learning, such as accredited colleges, universities and secretarial and trade schools. Courses must be, in the City's opinion, directly or reasonably related to the employee's present job or consistent with the employee's performance development plan. Courses must not interfere with job responsibilities and must be taken on the employee's own time.

Reimbursement covers actual costs of tuition and registration fees only and is limited to a maximum of six credits per semester or nine credits per quarter for approved courses. The employee must pass the course in order to receive reimbursement.

Employees eligible for reimbursement from any other source (e.g., a government sponsored program or a scholarship) may seek assistance from this program but will be reimbursed only for the difference between the amount received from the other funding source and the actual course cost up to the maximum reimbursement allowable under this policy.

To be eligible for reimbursement, the employee must submit a tuition reimbursement form to his or her supervisor prior to the scheduled commencement of the course(s), receive written approval from the Department Director and Human Resources in advance, be actively employed by the City at the time of course completion and pass the course. The employee should also have raised the issue of pursuing this education as part of the performance development planning discussions of the Performance Management System.

On completion of the course, the employee must submit to the Human Resources Department an official transcript from the school, indicating grade received and a receipt or other official proof of payment.

5.12 Telecommuting Policy

- A. **General Policy.** Telecommuting is a management program that may be used to reduce employee commute trips, to accommodate special needs of employees, to increase employee motivation and/or productivity. The City encourages the use of telecommuting as a work option in situations where it will work to the mutual benefit of the employee, the City and the City's customers.
- B. **Purpose.** The purpose of this Policy is to define the telecommuting program and the guidelines and rules under which it will operate. Situations may arise where an employee may work at home on a temporary, short term basis to accomplish a particular assignment or project. A temporary arrangement planned for less than one month duration is within management's discretion and does not require compliance with this Policy. All managers, supervisors and telecommuters should be familiar with the contents of this Policy.
- C. **Terms of Employment.** Telecommuting does not change salaries, benefits, job responsibilities, sick leave, vacation leave policies or any other basic terms of employment.
- D. **Selection.** Telecommuting is only feasible for those tasks within a job which are amenable to being performed away from the regular office. Selection of employees shall not be arbitrary, but shall be based on specific, written work related criteria established by management. Selection may be based upon reasonable accommodation provisions for employees with disabilities. Employee participation in

telecommuting is voluntary. Final selection decisions shall be within the sole discretion of the City.

E. **Criteria.** In deciding whether to approve telecommuting arrangements for an employee, managers must consider:

1. the nature of the employee's job and
2. the employee's demonstrated performance.

a. **Job Characteristics** A job that is appropriate for telecommuting typically has the following characteristics:

- Face-to-face interactions can be scheduled.
- Internal and external customer needs can be satisfied from the alternate workplace
- Use of resources that must stay at the regular office can be scheduled (such as reference materials or special equipment)
- Clear objectives can be set and tasks can be clearly defined
- Work flow can be scheduled
- Certain tasks can best be completed during quiet, uninterrupted time.
- Telecommuting can occur without negatively impacting customer service or other employees' work.

b. **Performance Characteristics** Before allowing an employee to work at an alternate workplace, the manager should determine that the employee has demonstrated the following kinds of performance characteristics:

- Completes assignments independently and on time, meeting the manager's standards for quality
- Asks for assistance when it is needed
- Communicates effectively with supervisor, co-workers, support staff and customers
- Sets appropriate priorities, changes priorities as needed and maintains a suitable alternate workplace
- Demonstrates dependability and responsibility
- Operates, adjusts and/or repairs computer or other equipment independently, to the degree required at the alternate workplace

F. **Scheduling.** Telecommuters need regular contact with supervisors and co-workers and access to specialized files and/or equipment. In addition, the supervisor must take actions to prevent the telecommuter from becoming isolated from the regular office staff. Therefore, telecommuters should spend the majority of their work time in the regular office, except under unusual conditions.

Office needs take precedence over telecommute days. A telecommuter must forgo telecommuting if needed in the office on the regularly scheduled telecommute day.

- G. **Hours of Work and Overtime.** All work schedules are discretionary and require management approval. Any work schedule may be approved for an individual telecommuter as long as the work schedule is consistent with the requirements of the employee's position and agreed to by the Department Director. A telecommuter may telecommute for part of a day to avoid peak commute periods.

Overtime and call back must be authorized by management in accordance with these personnel policies. Compensatory time off will be authorized by management in accordance with these personnel policies.

As with any work schedule, changes in work schedules may be made to meet management needs or to accommodate an employee's request and shall be at the discretion of the City.

Normal leave policies apply to any instance where the telecommuter does not perform work at the alternative workplace as scheduled.

H. **Equipment and Software**

1. **Voucher.** At the start of telecommuting, the City will provide the telecommuter with a one time voucher to be used to purchase or to modify necessary equipment and software. The voucher is paid as reimbursement to the telecommuter for actual purchases and shall be supported by appropriate receipts. The maximum amount of the voucher shall be \$750. In order to be eligible for the voucher, the telecommuter must receive prior written approval of the purchases/modifications and the amount by the manager.
2. **Owner.** The equipment and software purchased by the telecommuter shall become the property of the telecommuter. Any expenses beyond the amount of the voucher shall be the responsibility of the telecommuter.
3. **Reimbursement.** If the telecommuting relationship ends prior to the completion of one year, the employee shall reimburse the City the full amount of the voucher. If the telecommuting relationship ends after one year, but prior to the completion of two years, the employee shall reimburse the City one-half the amount of the voucher. After more than two years of telecommuting, the

employee shall not owe the City any reimbursement upon termination of telecommuting.

4. **Network Connections.** Telecommuters connecting their own personal computer equipment to City equipment must obtain advance approval and must follow instructions provided by the City. If the telecommuter makes changes to the computer that result in an incompatible or unsupported PC configuration, the telecommuting agreement may be terminated. The telecommuter must take adequate measures to protect against computer viruses, including scanning any disks for viruses prior to using.
5. **Maintenance, Repair and Replacement.** In the event of equipment malfunction, the telecommuter must notify his/her supervisor immediately. The City will not provide onsite assistance at the alternative workplace, but may be able to provide troubleshooting assistance over the telephone. If repairs will take some time, the telecommuter may be asked to report to the regular office until the equipment is usable.

Repairs to telecommuter owned equipment will be the responsibility of the telecommuter. If necessary equipment is stolen or malfunctions and the telecommuter determines not to replace or repair the equipment, the telecommuting agreement shall be terminated.

- I. **Confidential and Sensitive Information.** As with all employees, telecommuters are expected to adhere to all laws, policies, regulations and procedures regarding security and confidentiality for the computer, its data and information and any other information handled in the course of work. Telecommuters must protect confidential information and irreplaceable documents.
- J. **The Alternate Workplace Environment.** Alternate workplaces must be clean and free of safety hazards. The alternate workplace must be in compliance with all building codes. The facility must be free of hazardous materials. The telecommuter is responsible for ensuring his or her alternate workplace complies with these health and safety requirements. Management may deny an employee the opportunity to telecommute or may rescind a telecommuting agreement based on safety of the alternate workplace. Management may also have the alternate workplace inspected for compliance with health and safety requirements. Inspections will be by appointment only.

If a telecommuter incurs a work-related injury while telecommuting, worker's compensation law and policies apply. Telecommuters must notify their supervisors immediately and complete all necessary and/or management requested documents regarding the injury.

The opportunity to participate in the telecommuting program is offered with the understanding that it is the telecommuter's responsibility to ensure a proper work environment is maintained. Telecommuting is not a substitute for dependent care and the telecommuter must make regular dependent care arrangements. Personal disruptions such as non-business telephone calls and visitors must be kept to a minimum. Failure to maintain a proper work environment, as determined by management, provides cause for an employee's immediate termination from the telecommute program.

K. Termination

1. Termination of Telecommuting Program. Management may terminate the City's Telecommuting Program for any reason, at any time, with advance written notice to the employees.

2. Termination of Individual Telecommuter's Participation in Program. Because participation in telecommuting is a bilateral voluntary agreement, management may terminate an individual telecommuter's participation in the program, without cause, at any time, with advance written notice. Termination of a telecommuter's participation for cause may be immediate and does not require advance written notice. The telecommuter may also request to terminate participation, without cause, at any time. Management will make arrangements for the employee to begin working at the regular office as quickly as possible

Telecommuting opportunities are based upon program requirements as determined by management. Therefore, employees previously participating in a telecommuting assignment are not assured of a telecommuting assignment when returning from a leave of absence or after a job transfer.

Telecommuter's Agreement and Supervisor's Checklist. The Telecommuter's Agreement documents the mandatory policies in effect and the results of any other agreements between the supervisor and the telecommuter. This Agreement must be signed by both parties prior to the start of telecommuting and must be reviewed and renewed at least annually to ensure that the guidelines for

participating in the program are well understood. The Supervisor's Checklist provides a way to verify that all essential parts of the start-up of a telecommuting arrangement with an employee have been covered prior to the actual start of telecommuting.

- L. **Renewal of Telecommuting Agreements.** Each Agreement should be discussed and renewed at least annually, whenever there is a major job change or whenever the telecommuter or supervisor changes positions. Because telecommuting was selected as a feasible work option based on a combination of job and performance characteristics, a change in any one of these elements may require a review of the telecommuting arrangement.

6.00 EMPLOYEE BENEFITS AND TIME OFF

6.01 Annual Vacation

Regular employees shall be given annual vacation. Regular part-time employees shall accrue vacation based on the ratio of their normally scheduled work week to a forty hour week. Extra help employees are not eligible for these benefits. Vacation shall be accrued monthly as follows:

<u>Time</u>	<u>Days</u>	<u>Hours/month</u>
Zero to 12 months	12 days of vacation	8.0 hours
After 1 year employment	13 days of vacation	8.6 hours
After 2 years employment	14 days of vacation	9.3 hours
After 3 years employment	15 days of vacation	10.0 hours
After 4 years employment	16 days of vacation	10.6 hours
After 5 years employment	17 days of vacation	11.3 hours
After 8 years employment	18 days of vacation	12.0 hours
After 10 years employment	19 days of vacation	12.6 hours
After 12 years employment	20 days of vacation	13.3 hours
After 15 years employment	23 days of vacation	15.3 hours

- A. The maximum number of vacation hours that may be carried over from December 31 of one year to January 1 of the next year is equal to two years' accumulation. In cases where City operations have prevented an employee from using vacation time, the Department Director with the approval of the City Manager may allow unused accrual in excess of the amount specified above to be carried over. Vacation leave not used shall be forfeited unless in conformance with the above.
- B. In requesting vacation, employees should consider the City's needs to conduct the public business and to have time to plan for vacation coverage. Managers should respect employees' needs to take vacation. An employee's reasonable request for vacation should be approved unless the granting of the vacation would negatively compromise the business needs of the City. In case of conflict in scheduling vacation leave, normally the earliest request shall be given the preferred vacation choice.
- C. An exempt employee shall not have deductions taken for vacation absences of less than a full day.
- D. In the event of separation from service for any reason other than at retirement, the employee shall be paid for any accrued vacation earned and not taken. In the case of separation for any reason when the employee is eligible for retirement as defined by the rules and regulations of the Washington State Public Employees Retirement System, the maximum cash out shall be 240 hours.
- E. Vacation for a new employee shall accrue at the above rates but shall not be used until after six months unless special authorization has

been granted by the City Manager. The City Manager is authorized to negotiate higher accrual levels and/or starting balances of vacation with individual staff members.

- F. An employee may cash out accrued vacation one time each calendar year. To be eligible for the cash out, an employee must have used at least 80 hours of vacation since the first of the year and the maximum cash out shall be 40 hours. The amount of the cash out shall be based upon the employee's hourly rate/salary at the time of the written request. If approved by the department director, the 80 hour minimum threshold may include vacation approved for the current calendar year, but not yet taken. In this case, the employee may receive the cash out just prior to leaving on the approved vacation. Cash out requirements for part time regular employees shall be prorated based upon the employee's authorized FTE.

6.02 Management Leave

On January 1st of each year, each exempt employee shall receive 3 days of management leave. A new exempt employee hired before July 1 shall receive all 3 days. A new exempt employee hired between July 1 and October 1 shall receive 1 day; a new exempt employee hired after October 1 shall not receive any days of management leave until the next calendar year. The leave is to be used each year; any management leave not used during the calendar year shall not be carried into the next year.

6.03 Holidays

The following holidays are granted to regular employees as the normal workday off with full pay:

New Years Day	January 1st
Martin Luther King's Birthday	3rd Monday in January
President's Day	3rd Monday in February
Memorial Day	Last Monday in May

Christmas	December 25th
Personal Day	Two (2) days

Extra help employees are not eligible for these benefits.

- A. A personal day needs to be scheduled by mutual agreement of the employee and the supervisor and may be used for any reason, or as an extension of vacation or sick leave. Non-exempt staff may use these days as a full normal workday or as 16 hours in increments of one or more hours. Exempt staff must utilize a full day at a time.
- B. Personal Days will be awarded effective January 1 of each year. An employee hired July 1 or later will receive only one personal day in that calendar year. Any personal days not used by the end of the calendar year will be forfeited.
- C. If a designated holiday falls on a Saturday, the preceding Friday shall be observed and if the holiday falls on a Sunday, the following Monday shall be observed. If a designated holiday falls on any other regularly scheduled day off, the holiday shall be observed on either the immediately preceding or immediately following work day, as determined by the City Manager.
- D. Employees must be in a pay status on the workday prior to and the workday following a holiday to be eligible for holiday pay.
- E. Regular part-time employees shall observe the established holidays and be compensated for same on a pro rata basis.
- F. If an employee's religious beliefs include observance of a holiday or leave is needed to attend a religious activity of faith or conscience that is not a City holiday, the employee may, with approval of the Department Director, take the day off using a personal day, vacation, compensatory time, or leave without pay unless the leave would create an undue hardship for the City as defined in WAC 82-56-010 or a risk to public safety.
- G. Nonexempt regular employees working on a holiday (either the actual holiday or the City recognized holiday) shall be paid at time and a half for all hours worked. In the case that an employee works both the actual holiday and the corresponding City recognized holiday, the employee shall only receive the holiday pay for one of the days. The pay shall be for the hours worked on actual holiday, unless the employee makes a written request for pay for the City recognized holiday instead of the actual day. **Example:** Independence Day falls on Sunday, July 4th; the City recognized holiday is Monday, July 5th. Employee A works Sunday and receives time and a half for all hours worked. Employee B works Monday and receives time and a half for all hours worked. Employee C works **both** Sunday and Monday and will be paid time and a half **only** for the hours worked on Sunday, unless he or she makes a written request to be paid time and a half for the hours worked Monday, instead of Sunday.

6.04 Sick Leave

Policy: The purpose of sick leave is to provide an “insurance policy” of a bank of paid leave to be used in the event that an employee or immediate family member experiences an illness or disability that requires an employee to be absent from work. Employees who are ill or disabled are expected to use sick leave to recover and to not report to work when they could expose co-workers to illness. All regular employees shall use leave to account for any sick leave related absence whether full or partial day. Sick leave is earned and to be used under the following conditions:

- A. Full-time regular employees shall accrue sick leave at the rate of eight hours for each month worked. Regular part-time employees shall accrue sick leave based on a pro-rata amount to reflect their normally scheduled workweek as compared to a full-time workweek of 40 hours. Extra help employees are not eligible for these benefits.
- B. Sick leave may be taken when an employee is ill, injured, disabled (including a disability due to pregnancy or childbirth) or has been exposed to a contagious disease where there is a risk to the health of others, or for medical or dental examinations or treatment when such appointments cannot be scheduled outside of working hours. Sick leave may also be used to care for a member of the immediate family under these conditions.
- C. A regular employee may use sick leave for family leave as provided in **Section 6.06, Family Leave**.
- D. A regular employee may use sick leave when the use of a prescription drug impairs job performance or safety.
- E. After three days of sick leave an employee may be asked to provide a doctor’s note or other evidence of inability to work at the discretion of your supervisor or Department Director.
- F. Each employee, or someone on his/her behalf, should inform his/her supervisor if unable to come to work. This notification should be done each day prior to the scheduled starting time unless on long-term leave, so arrangements can be made to cover the absence.
- G. If an employee on approved vacation is hospitalized or experiences a similar extraordinary sick leave event, the employee may make a written request to the City Manager to convert the sick leave connected time from vacation leave to sick leave. The City Manager shall consider the facts involved and shall approve or deny the request.
- H. Sick leave accrual is capped at 1040 hours or a pro-rata share for part-time employees.
- I. Upon separation, if an employee is eligible for retirement as defined by the rules and regulations of the Washington State Public Employees Retirement System, an employee shall be paid for 10% of their accrued but unused sick leave.

- J. An employee who has an on-the-job injury and receives time loss payments from the Washington Department of Labor and Industries (L & I) may not use sick leave for the same hours for which the employee receives the time loss payment. An employee may use sick leave to supplement the time loss payment for the purpose of continuing to receive his or her normal salary. If sick leave is exhausted, the City will use other available leave to supplement the time loss, unless the employee otherwise notifies Payroll in writing. If an employee is awarded time loss payments for a period that the employee has already used sick leave or other available leave, the employee shall submit the L & I check to Finance and “buy back” the equivalent amount of leave used. While on time loss, the employee’s salary may not exceed the employee’s normal salary.

6.05 Donated Leave

- A. **Criteria.** A Department Director, after consulting with Human Resources, may recommend that the City Manager allow a regular employee to receive donated sick leave from another regular employee. The City Manager may approve the donated leave if he or she finds that the employee meets all of the following criteria:
1. The employee needs leave that qualifies for sick leave, which is of an extraordinary or severe nature and that has caused, or is likely to cause, the employee to either go on leave without pay or to terminate employment; and
 2. The employee has depleted all of his or her available leave time; and
 3. The employee has abided by all applicable policies regarding sick leave use; and
 4. The employee has been found ineligible for benefits under Chapter 51.32 RCW (Worker’s Compensation).
- B. **Donation.** An employee may donate up to 25 hours annually of his/her sick leave balance. An employee is not eligible to donate sick leave hours unless a balance of 80 hours will be maintained. An employee may also choose to donate accrued vacation leave. The donating employee in either case shall submit a written request to Human Resources.
- C. **Value of Leave.** Donated hours will be used on an hour for hour basis with no consideration given to the dollar value of the leave donated.
- D. **Treatment of Leave Remaining.** If more leave is donated than is used, the hours of leave that remain shall be returned to the employee(s) donating the leave on a pro rata basis. Sick leave hours so transferred shall not be utilized for the purposes authorized in **Section 6.04 I.**

6.06 Family Leave

- A. The City complies with the Federal Family and Medical Leave Act of 1993 (the FMLA - 29 U.S.C.A., 2611) and all applicable state laws (RCW 49.78, RCW 49.12.265, WAC 296-130) related to family and medical leave. This policy provides detailed information concerning the terms of FMLA. State laws may have additional requirements and provide additional protections; please check with Human Resources for details.
- B. **Length of Family Leave and Eligibility:** Eligible employees may take up to 12 weeks of unpaid, family leave every 12 months for certain family and medical reasons, or up to 26 weeks of unpaid, family leave every 12 months for military family leave. To be eligible, an employee must have worked for the City for at least 12 months and for at least 1,250 hours over the previous 12 months.
- C. **Reasons for Taking Leave:** Family leave is provided for any of the following reasons:
1. To care for an employee's child after birth or placement for adoption or foster care. Leave to care for a child after birth or placement for adoption or foster care must be concluded within 12 months of the birth or placement.
 2. To care for an employee's spouse child or parent who has a serious health condition
 3. To care for a spouse, son, daughter, parent or next of kin who has a serious health condition as a result of military service ("military family care").
 4. If a serious health condition makes an employee unable to perform the functions of his or her job.
- D. **Definitions.** For the purposes of this policy, the following definitions apply:
1. **Child:** a) A biological, adopted or foster child, a stepchild, a legal ward or a child of a person standing in loco parentis (in place of the parent) if the child is younger than 18; or
b) A biological, adopted or foster child, a stepchild, a legal ward or a child of a person standing in loco parentis if the child is 18 or older and incapable of self care because of a mental or physical disability.
 2. **Military Family Care:** Caring for a spouse, parent, son, daughter or next of kin with a serious injury or illness as a result of military service.
 3. **Parent:** A biological parent of an employee or an individual who stood in loco parentis to that employee when the employee was a child.
 4. **Serious Health Condition:** An injury, illness, impairment or physical or mental condition that involves:

- a) **hospital care:** any period of incapacity or subsequent treatment connected with or consequent to inpatient care (an overnight stay) in a hospital, hospice or residential medical care facility; or
- b) **absences plus treatment:** any period of incapacity of more than three consecutive calendar days including any subsequent treatment or period of incapacity relating to the same condition that also involves 1) treatment 2 or more times by a health care provider within 30 days, by a nurse or physician's assistant under direct supervision of a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider; or 2) treatment by a health care provider on at least 1 occasion which results in a regimen of continuing treatment under the supervision of a health care provider;
- c) **pregnancy:** any period of incapacity due to pregnancy or for prenatal care; or
- d) **chronic conditions requiring treatments:** a chronic condition which 1) requires periodic visits for treatment by a health care provider or by a nurse or physician's assistant under the direct supervision of a health care provider; 2) continues over an extended period of time; and 3) may cause episodic rather than a continuing period of incapacity;
- e) **permanent/long term conditions requiring supervision:** a period of incapacity which is permanent or long term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider;
- f) **multiple treatment (non-chronic conditions):** any period of absence to receive multiple treatments (including any period of recovery there from) by a health care provider or by a provider of health care services under orders of or on referral by, a health care provider, whether for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment.

5. Incapacity: inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment therefore or recovery there from.

- E. **Intermittent Leave:** Under some circumstances, family leave may be taken in separate blocks of time or by reducing a normal weekly or daily work schedule. Family leave may be taken intermittently if medically necessary because of a serious health condition (the employee's, or that of a spouse, child or parent). If family leave is for birth or placement for adoption or foster care, use of intermittent leave is subject to Department Director approval.
- F. **Substitution of Paid Leave:** When paid leave or comp time is available that paid leave must be exhausted before unpaid leave is allowed as family leave. Accrued sick leave must be substituted in the circumstances where City policies allow employees to use sick leave.
- G. **Advance Notice:** An employee shall provide advance notice of the need for family leave along with the requested dates for the leave. Taking leave, or reinstatement after leave, may be denied if these requirements are not met.

Notice must be provided at least 30 days in advance of the leave if the reason for the leave is birth, placement for adoption or foster care. If 30 days notice is not possible due to the employee taking physical custody of the child at an unanticipated time, notice must be given as soon as possible and at least within 5 working days of the placement. The employee shall adhere to the dates of leave requested unless the birth is premature, the mother is incapacitated by the birth and is unable to care for the child, the employee takes physical custody at an unanticipated time or the employee and Department Director agree to alter the dates. If there is a premature birth, incapacity or unanticipated placement, the employee must give notice of revised dates as soon as possible and at least within 5 working days.

Notice must be provided at least 14 days in advance of the leave if the reason for the leave is a serious health condition and the leave is foreseeable. The employee should make reasonable efforts to schedule the leave to not unduly disrupt the City's operations. If the leave is not foreseeable, the employee or the employee's representative shall provide notice within 1 or 2 working days, except in extraordinary circumstances.

- H. **Medical Certification.** The City requires the provision of a medical certification to support a request for leave because of a qualifying event whenever the leave is expected to extend beyond three consecutive working days or will involve intermittent or part-time leave. The City may require second or third opinions, at its option, at City expense.

The City may require all employees on family leave due to the employee's serious health condition or due to the birth of a child to provide a medical certification of fitness for duty prior to return to work after a medical leave, dependant on the circumstance as it relates to the employees duties.

- I. **Periodic Reporting:** If an employee takes leave for more than two weeks, the City may require the employee to periodically report on his or her status and intent to return to work.
- J. **Health Insurance:** Employees covered by the City's group health plan (medical, dental or vision) will continue to receive paid health insurance during family leave on the same basis as during regular employment. Employees that do not return to work after the leave will be required to pay back the portion of the insurance premiums paid by the City unless failure to return to work was beyond the employee's control.
- K. **Other Insurance:** For employees covered by other insurance plans through the City, those coverages will continue during paid leave on the same basis as during regular employment. For any period of unpaid leave, the employee wishing the insurance to continue must pay for the coverage on a monthly basis prior to the month of coverage. Check with Human Resources for current information and costs for coverages.
- L. **Couples Employed by The City:** If employees married to each other request leave for the birth, adoption or foster care placement of a child, the total family leave available to the couple is 12 weeks. The City may grant leave to only one parent at time. If the leave requested is due to a serious health condition (the employee's or that of the child, spouse or parent), each employee is independently entitled to 12 weeks.
- M. **Determining Leave Availability:** Family leave is available for up to 12 weeks during a 12-month period. For purposes of calculating leave availability, the 12-month period is a rolling 12-months measured from the first date any family leave is used. The employee is required to notify the City if any leave qualifies as family leave. All leave qualifying for family leave shall be designated and tracked as family leave upon the request of the employee.
- N. **Special Rule for Leave Related to Pregnancy.** Leave taken for the disability phase of pregnancy or childbirth when physically unable to work, is counted against the 12-week FMLA family leave allowance. In some cases, state law may entitle the disabled employee to leave beyond the standard 12-week period. Human Resources can provide information concerning the state law and its applicability.
- O. **Return Rights After Family Leave:** When an employee returns to work after family leave:

1. the City shall place the employee in the same position employee held when the leave began or in another City position with equivalent benefits and pay;
2. the return is subject to bona fide changes in compensation or work duties;
3. the employee does not have return rights if:
 - a) the City eliminates the employee's position by a bona fide restructuring or reduction-in-force; or
 - b) the employee takes another job; or
 - c) the employee fails to provide the required timely notice of family leave or fails to return on the established ending date of the leave.

P. **Military Family Care:** Caring for a spouse, parent, son, daughter or next of kin with a serious injury or illness as a result of military service.

6.07 Medical Leave of Absence

In addition to family leave, an unpaid leave of absence of up to six months may be granted in the case of an employee's disability when approved by the City Manager and when the leave will not adversely impact City operations. The request must be supported by a physician's certificate of necessity and reasonable expectation of a timely return to duty. Prior to application for a medical leave of absence, an employee's accrued sick leave, vacation leave, compensatory time and personal days must be exhausted.

6.08 Continuation of Benefits

Employees on any paid leave shall continue to receive all benefits including the accrual of vacation, sick leave, holiday pay, pension, and all insurance benefits. Employees in unpaid status shall not be entitled to and shall not accrue any of the benefits of the City, except as provided under family leave.

6.09 Bereavement Leave

Full-time regular employees may be granted up to three days of paid leave to make arrangements for or to attend the funeral of, or memorial service for, a member of their immediate family. If more than three days leave is necessary, earned vacation, sick leave or compensatory time may also be used.

If while on approved vacation an employee has a death in his or her immediate family requiring the employee to engage in activities typically covered by bereavement leave, the employee may make a written request to the City Manager to convert the bereavement leave connected time from vacation leave

to bereavement leave. The City Manager shall consider the facts involved and shall approve or deny the request.

Part-time regular employees shall be entitled to a pro-rata share of bereavement leave, based upon their regular scheduled work hours.

6.10 Court and Jury Duty Leave

Employees called to jury duty are strongly encouraged to fulfill their legal and civic responsibility. A regular employee will be granted leave at his/her regular rate of pay. Days during the period of summons when reporting to the court is not required are not covered by this leave.

During the regular work shift, an employee must report to work when not required to be in court. If the court pays the employee for the jury service, that payment must be turned in to the City. An employee is permitted to retain any mileage reimbursement received from the court.

An employee must inform his/her supervisor as soon as a summons is received, and on a daily basis as to court schedule.

Employees who have been subpoenaed for a job related matter shall be compensated as for any other working time.

6.11 Military Leave (Military Training)

Any regular employee may take up to twenty one work days per year for active duty training if he/she is a member of the Washington National Guard, the Army, Navy, Air Force, Coast Guard or Marine Corps Reserves of the United States. This leave is in addition to regular vacation leave. For purposes of this section, "year" shall mean from October 1 to September 30.

An employee will continue to receive his or her normal pay during such active duty training, provided a written copy of the orders is submitted to the supervisor prior to leave and a written copy of the release is submitted upon return. If the active duty exceeds fifteen working days, the employee will be required to take the excess time first as compensatory time, vacation, and then leave without pay.

6.12 Leave for Active Duty Military Service

Regular employees who are called to, or volunteer for active duty military service will be placed on an indefinite unpaid leave of absence for the entire time the employee is in an active duty status with any branch of the United States Armed Forces or state militia. The employee may, at his or her option, use any or all accrued vacation leave or comp time prior to moving to the unpaid status. Any unused leave accruals remaining at the time the unpaid leave begins will be held until return to active employment with the City. Vacation and sick leave will not accrue during the time of the unpaid leave. The employee

may choose to have the City continue to pay for the cost of dependent medical coverage; an employee choosing to do so needs to contact Human Resources to arrange the coverage prior to leaving for active duty.

Reinstatement following active duty will be in compliance with state and federal laws at the time of the return to work.

6.13 Leave of Absence Without Pay

The City Manager may grant regular employees a leave of absence without pay for an absence not covered by religious leave (6.03(F)), family leave (6.06(F)) or medical leave of absence (6.07) if all leave balances are exhausted. Examples of situations for which leave without pay may be granted include personal reasons not covered by family leave, such as parenting or caring for an ill relative; other reasons in the best interest of the City and not solely for the employee's personal gain or profit; or fulfilling a lengthy military obligation.

To request a leave of absence without pay under this section, the employee shall submit a written request to the City Manager. The request shall state the reason for and the proposed length of the leave. If the leave is approved, the employee and City Manager will enter into an agreement detailing the terms and conditions of the leave.

6.14 Spousal Military Deployment Leave

An employee who works an average of twenty or more hours a week and who is a spouse of a military service member may take up to fifteen days of unpaid leave while the military service members is on leave from deployment, or before and up to deployment, during times of military conflict declared by the President or Congress. An employee must provide Human Resources with notice of his/her intent to take leave within five business days of receiving official notice of leave from deployment or of an impending call to duty.

6.15 Leave for Victims of Domestic Violence and Their Family Members

Employees who are victims of domestic violence, sexual assault, or stalking may take reasonable unpaid leave from work to take care of legal or law enforcement needs or to get medical treatment, social services assistance, or mental health counseling. Employees who are qualifying family members of a domestic violence victim are also eligible for leave under this policy.

While leave is unpaid, employees may elect to use paid sick, vacation or other accrued paid time off while on leave.

Employees must give as much advance notice of the need for leave under this policy as is possible. Leave requests must be supported with one or more of the following:

- A police report indicating the employee or employee's family member was a victim.
- A court order providing protection to the victim.

- Documentation from a healthcare provider, advocate, clergy, or attorney.
- An employee's written statement that the employee or employee's family member is a victim and needs assistance.

For purposes of this section only, family member means child, spouse, parent, parent-in-law, grandparent or person the employee is dating. The City may request verification of family relationship.

6.16 Exigency Leave

An eligible employee may take up to a total of 12 workweeks of unpaid leave during the normal 12-month period for FMLA leave for qualifying exigencies arising out of the fact that the employee's spouse, son, daughter, or parent is on active duty, or has been notified of an impending call or order to active duty, in support of a contingency operation. Qualifying exigency leave is available to a family member of a military member in the National Guard, Reserves and the Regular Armed Forces. Qualifying exigency leave may be taken intermittently or on a reduced leave schedule.

7.00 HEALTH AND WELFARE BENEFITS

A number of benefits are provided to regular employees that contribute to total compensation. Complete descriptions of these benefits are available from Human Resources. The benefits that you may receive are as follows:

7.01 Social Security Replacement Plan

All regular employees must participate in a Social Security Replacement Plan (401 a) and Medicare. Extra help employees and interns are also covered by this program.

7.02 Group Insurance

Regular employees and their dependents are generally eligible for medical, dental, vision, long term disability and life insurance as defined by the City and as authorized by the carrier. The City makes contributions to the cost of these benefits. Part-time regular employees and their dependents, if eligible, receive City contributions for such insurance on a pro-rata basis. Extra help employees and interns are not eligible for these benefits.

The City provides an employee assistance program (EAP) for its employees. The program is provided as part of the group medical coverage.

The City reserves the right to make changes in the carriers and provisions of these programs when deemed necessary or advisable, and will make reasonable attempts to give prior notice to employees of any changes.

7.03 Retirement

The City contributes to the Washington State Public Employees Retirement System (PERS) as prescribed by law. State law determines employee eligibility.

7.04 457 Plan

The City provides a 457 Deferred Compensation program for eligible regular employees. Employees must defer funds into this plan which have been allocated for benefits by the City but are not used by the employee. In addition, an employee may make personal contributions to this plan through payroll deduction, up to the limits set by law. Extra help employees and interns are not eligible for this benefit.

8.00 STANDARDS OF EMPLOYEE CONDUCT

8.01 General Policy

The City expects all employees to strive for excellence, to exhibit the City Values in their work, to accomplish organizational and individual performance goals and to provide superior customer service.

8.02 Personal Appearance and Demeanor

Employees are expected to dress in attire appropriate to their job tasks and to behave in a professional, businesslike manner at all times.

Employees failing to adhere to City standards with respect to appearance and demeanor are subject to disciplinary action, up to and including termination.

8.03 Absenteeism and Tardiness

Employees are expected to report for work promptly and maintain good attendance. The supervisor must be advised of absence or late arrival prior to the beginning of the shift. Absenteeism or tardiness that is unexcused may be grounds for disciplinary action, up to and including termination.

8.04 Solicitations and Distribution of Literature

In the interest of maintaining a proper business environment and preventing interference with work and inconvenience to others, employees may not distribute literature or post materials, sell merchandise, solicit financial contributions or otherwise solicit for any cause during working hours. Employees who are not on working time (for example on lunchtime or break) may not solicit employees who are on working time. An employee (including any employee with management responsibility) shall not directly solicit any employee he or she supervises or otherwise exercises some element of control over. All employees shall recognize that any employee has the right to say "no" to any solicitation.

E-mail shall not be used to solicit employees for any purpose.

Employees may utilize the employee newsletter or the employee lunch room bulletin board if approved by the City Manager's Office for personal messages of this nature. Violation of this policy may be grounds for disciplinary action, up to and including termination.

Non employees are prohibited from distributing material or soliciting employees on City premises at any time.

8.05 Drug-Free Workplace

- A. It is the policy of the City to maintain a drug-free workplace in keeping with the spirit and intent of the Drug-Free Workplace Act of 1988, other state and federal regulations and in keeping with the City's own standards. Actions in violation of this policy are inconsistent with the behavior expected of employees, subject all employees and visitors to

our facilities to unacceptable safety risks and undermine the City's ability to operate effectively and efficiently.

- B. The unlawful manufacture, distribution, dispensation, possession, sale, or use of a controlled substance, alcohol or other intoxicant in the workplace or while engaged in City business on or off the premises or in a City vehicle is strictly prohibited. Such conduct is also prohibited to the extent that in the opinion of the City, it impairs an employee's ability to perform on the job or threatens the reputation or integrity of the City. Therefore:
1. When employees are on the job, they are expected to be physically free from any impairment or substance that could contribute to an injury, property damage, or interfere with productivity. An employee shall not consume any alcohol during lunch or any other break occurring prior to the end of that employee's work day. Workday in this context includes any evening meeting or other similar activity on behalf of the City. Employees are to be free of illegal drugs or potentially impairing levels of legal substances. In short, all City employees are expected to be "fit for work".
 2. Use or possession of prescription or non-prescription medication is not prohibited when taken in accord with prescription or standard dosage recommendations. However, employees shall notify their supervisors when they are taking over-the-counter or prescription drugs that could prevent the employee from performing his or her job safely and effectively. The employee and supervisor shall work together to determine the employee's fitness for duty or to establish a light duty assignment if available and appropriate. If no agreement is reached, the fitness for duty determination shall be made by the Department Director, after consulting Human Resources.
 3. An employee convicted of a controlled substance-related violation must inform the City within five days of such conviction.
 4. Employees who violate any aspect of this policy may be subject to disciplinary action up to and including termination. The City may require employees who violate this policy to successfully complete a drug abuse rehabilitation program as a condition of continued employment.
 5. Employees may be required to submit to alcohol, drug or controlled substance testing when: an employee's work performance causes reasonable suspicion that the employee is impaired due to current intoxication, drug or controlled substance use; testing is required

prior to appointment to a position; as a result of a job related accident when reasonable cause exists or if required by the Department of Transportation; or in cases where employment has been conditioned, in a return to work agreement, upon remaining alcohol, drug or controlled substance free following treatment. Refusal to submit to testing when requested may result in immediate disciplinary action up to and including termination. Testing information shall be confidential unless used in an employer action with regard to the employee.

6. Employees who voluntarily enter treatment programs for drug or alcohol addiction shall not be subject to discrimination or retaliation. Such occurrences will be regarded as medical conditions with regard to City provided benefits and rights. However, the City may condition continued employment on the employee's successful completion of treatment or counseling programs and future avoidance of alcohol, drugs or other controlled substances. The City has an employee assistance referral center to assist employees in dealing with personal problems. Details are available from the Human Resources Department.

- C. In addition to sections A and B candidates applying for positions which require a valid Commercial Drivers License (CDL) will be subject to passing a pre-employment drug screening. All City employees in positions requiring a CDL must comply with the City's Drug and Alcohol Policy and Procedures Manual.

8.06 Safety

The City is committed to providing a safe and healthful working environment. The City makes every effort to comply with applicable federal and state occupational health and safety laws and to develop the best feasible operations, procedures, technologies and programs conducive to such an environment. Safety policy is contained in the Accident Prevention and Safety Manual.

8.07 Weapons Policy

No employee is authorized to carry a weapon, concealed or not, on City premises, in City vehicles, or while representing the City. An employee carrying a weapon in violation of this policy is subject to disciplinary action, up to and including termination.

8.08 Workplace Violence

The City is concerned about the increased violence in society, which has filtered into many workplaces throughout the United States. It is the policy of the City to have zero tolerance of any acts or threats of violence by any employee in or about City facilities or elsewhere at any time. The City will not condone any acts or threats of violence against employees, customers or visitors in or about City

premises at any time or while they are engaged in business with or on behalf of the City off City premises.

In keeping with the spirit and intent of this policy and to ensure City objectives in this regard are attained, the City is committed to the following:

- A. To provide a safe and healthful work environment, in accordance with the City safety policy.
- B. To take prompt remedial action up to and including immediate termination against any employee who engages in any threatening behavior or acts of violence or who uses any obscene, abusive or threatening language or gestures.
- C. To take appropriate action when dealing with customers or other visitors to City facilities who engage in such behavior. Such action may include notifying the police or other law enforcement personnel and prosecuting violators of this policy to the maximum extent of the law.
- D. To prohibit employees from bringing unauthorized firearms or other weapons onto City premises.

In furtherance of this policy, employees have a “duty to warn” their supervisors, managers or Human Resources of any suspicious workplace activity or situations or incidents that they observe or that they are aware of that involve themselves or other employees, customers or visitors and that appear problematic. This includes, for example, threats or acts of violence, aggressive behavior, offensive acts, threatening or offensive comments or remarks and the like. Employee reports made pursuant to this policy will be held in confidence to the maximum possible extent. The City will not condone any form of retaliation against any employee for making a report under this policy.

Violation of this policy may be grounds for disciplinary action, up to and including termination.

8.09 Tobacco Free Policy

In order to maintain a safe and comfortable working environment and to ensure compliance with applicable laws, use of all tobacco products, including smoking and smokeless tobacco, is prohibited at all City work sites and property, and in City owned vehicles. Smoking is prohibited within 25 feet of all building entrances, windows that open and ventilation intakes. Violation of this policy may be grounds for disciplinary action, up to and including termination.

8.10 General Conduct

Employees are expected to conduct themselves in an appropriate, professional manner. Examples of behavior that are inappropriate include, but are not limited to:

- A. Insubordination (as defined in **Section 3.17**);

- B. Theft or other criminal activity;
- C. General dishonesty including falsifying employment or other City records;
- D. Failing to maintain confidentiality of City information;
- E. Unwillingness or inability to maintain an acceptable level of work performance.

Violation of this policy may be grounds for disciplinary action, up to and including termination.

8.11 Searches of Property

Employees should be aware that all offices, desks, files, lockers and vehicles are the property of City and are issued for the use of employees only during their employment with the City. It may be necessary to conduct searches of employee personal property in City facilities or vehicles. In addition, the City reserves the right to search any employee's office, desk, files, locker or any other area or article on City premises. Searches may be conducted at any time without advance notice. Searches must be conducted by and authorized by the City Manager. Where reasonable, the search will be conducted by more than one person.

Employees may not use a personal lock on City property or lockers, unless authorized and only if a copy of the key or combination is retained by the City.

Violation of this policy may be grounds for disciplinary action, up to and including termination.

8.12 Telephone, E-Mail, Voice Mail and Other Communication Systems on City Equipment and Personal Equipment

A. City Equipment

Computers, electronic mail, telephones, mobile computing devices (tablets/smartphones), voice mail, facsimile machines, copy machines and other information-related City equipment are provided to employees to be used for City business purposes and may be accessed by other City staff. Supervisors are responsible for regular monitoring of phone call identification logs to enforce this policy and message or file monitoring by the City may occur with prior permission of the City Manager or for purposes of public records production.

Employees are not to attempt to gain access to another employee's computer file, e-mail messages or voice mail messages without that employee's permission.

Employees shall not negligently or willfully damage City equipment nor engage in unauthorized use including use that is disruptive or offensive to others, supports

any profit-making business or outside employment, solicits contributions for any cause or advocates for or against any ballot measure or candidate.

For the convenience of the employee, it is permissible to place or receive occasional personal calls or e-mail not excluded above, but such use should be minimized. Long distance calls and cellular calls must be accounted for on a regular basis, with reimbursement provided to the City for personal use outside the following exceptions:

- ◆ De minimus activity not to exceed \$2.00 per billing cycle
- ◆ Placing calls to notify family of emergencies or unexpected changes in a work schedule.

Employees shall not place or receive text messages on City cellular phones. This includes both City business-related text messages and personal text messages.

Employees shall not download applications that serve no official City function or purpose on City mobile computing devices. This includes, but is not limited to, games, documents, mobile services, entertainment/recreational applications, etc. If a mobile application is to be used in the course of official City business, the employee shall receive approval from their Department Director and the Information Technology (IT) Division Manager prior to downloading the application on a City device. If there is a cost for the application, the employee must also receive approval from their Department Director for the cost expenditure and the cost must be paid using funds from the employee's Department. All applications used in the course of official City business that are downloaded on City devices are the property of the City and must always be accessible.

B. Public Disclosure of Records Located on City Equipment/Accounts and Personal Equipment/Accounts

As a public agency, all City business records, even if located on personal equipment, are public records and can be protected from disclosure only if a specific exemption in the Public Records Act exempts the record from disclosure. As a result, e-mails and text messages, phone and text messaging logs, and all other documents related to City business located either on City equipment or on personal equipment or personal accounts are subject to public disclosure, if requested. Employees should not expect any right to privacy in the public records located on their City equipment or on their personal equipment.

Entirely personal records located on City equipment or on personal equipment are not considered public records and are not subject to disclosure.

No text messaging for City business is allowed. No City funds may be used to purchase City-approved applications on personal mobile computing devices.

Personal phones and personal computers may only be used for City business under the following circumstances:

1. The phone call is made to a City phone; or
2. The document or email is saved on the City's server.

An employee may be approved by their Department Director to use a personal cell phone for City business under circumstances other than those designated above that will assure record retention and production in compliance with the Public Records Act including:

- The employee shall be responsible for retaining phone records associated with personal phones that reflect City business communications for a minimum of one year from the date the call is made or received.
- In the event of a public records request for City-related records located on an employee's personal equipment or personal account, employees must cooperate with the City and produce those records for disclosure.

Records that mix both City business and personal business are considered public records and are subject to disclosure in their entirety. The Public Records Act does not allow redaction of personal information within a public record.

No City business may be conducted on private social media (tweets, blogs, web posts). City business may be conducted on a City-sponsored social media.

Violation of this policy may be grounds for disciplinary action, up to and including termination.

8.13 Corrective Action Procedure

In taking disciplinary action, managers and supervisors may use a variety of measures. Where appropriate, managers and supervisors will follow a program of progressive discipline designed to give the employee the opportunity to correct behavior before it becomes a serious problem. Supervisors and managers also have the responsibility to provide behaviorally-specific feedback, either orally or in writing as appropriate, to employees who make improvements in their performance or correct the behavior that was a problem.

Please note that any or all of the steps outlined below or other appropriate measures may be utilized, depending upon individual circumstances and the nature of the offense. Serious discipline, including immediate termination may occur even on the first offense, in some circumstances, depending on the severity of the situation.

The degree of corrective action depends on the severity of the situation. It is the responsibility of the supervisor to objectively evaluate the circumstances and facts involved and to consult with the Human Resources Director before beginning such action.

The City may use administrative leave with pay while conducting an investigation into an alleged wrongdoing. This leave may be used when it is necessary to remove the employee from the work place pending the outcome of the investigation.

The following are examples of a pattern of progressive discipline

Step One: Verbal Warning: This step is used for relatively minor offenses and problems. The supervisor verbally discusses the concerns with the employee and lets the employee know the nature of the problem. Written documentation of the verbal warning shall be placed in the employee's personnel file.

Step Two: Written Warning: This step is used for a repeated offense where the discipline in Step 1 has failed to correct the problem or behavior, or for more serious problems that initially require stronger action. Under this step, a written warning is given to the employee and put in the employee's personnel file documenting the problem.

Step Three: Suspension: This step is used for repeated offenses where Steps 1 and 2 have failed to correct the problem or behavior, or for more serious problems that initially require stronger corrective action than the above steps. An employee is sent home without pay for a specified period of time. For an exempt employee, unpaid suspensions shall be in increments of workweeks. An exempt employee may also be given a period of time off with pay to make a personal decision as to whether to change behavior and continue employment with the City.

Step Four: Termination: This step is to be used for instances where an employee has failed to correct his/her behavior after previous discipline or if there is a serious violation of City standards of conduct where immediate termination is warranted.

Other examples of disciplinary methods that may be used include withholding a scheduled pay increase, pay reduction and demotion.

8.14 Pre-Disciplinary Hearing.

A. This section does not apply to at will employees or to employees who have not completed their initial orientation period.

B. When considering termination or other discipline that would deprive an employee of pay, the City will conduct a pre-disciplinary hearing. The hearing serves as a check against a mistaken decision and as an opportunity for an employee to furnish reasons why he or she should not be disciplined before the decision is finalized.

C. The employee shall be provided with a notice of the pre-disciplinary hearing. The notice shall include an explanation of the charges on which the potential discipline is based, and the time and date for the hearing.

D. The hearing will be presided over by the Department Director or a designated representative. The hearings are intended to be informal. The employee will be given an opportunity to explain why the serious discipline should not be taken. The employee may bring one person to the hearing as a representative. If the employee fails or refuses to appear, the Department Director shall determine the discipline without the employee's input.

E. After the hearing, the Department Director will consider the information provided and will consult with the Human Resources Director. As soon as possible, the director will issue the decision. A longer review period may be required in more complex situations, and the employee will be so informed.

8.15 Complaint Resolution Procedure

It is natural to have misunderstandings and conflict in organizations. The purpose of this procedure is to provide a method for the resolution of such matters in a positive and constructive manner and to give employees a means of airing complaints regarding their employment. Employees and supervisors are encouraged to resolve the causes of conflict or disputes between themselves informally whenever possible.

If such efforts fail, an employee may file a complaint in a more formal manner following the procedure outlined below. No retaliation, disciplinary action or discrimination shall occur because of the filing of a bona fide complaint under this procedure. The procedure should not, however, be construed as preventing, limiting, or delaying the City from taking disciplinary action against any employee up to and including termination where disciplinary action is deemed appropriate.

An employee who has been involuntarily separated from employment with the City has the right to participate in this process pursuant to the terms outlined below. Any complaint by a terminated employee must begin with step 3.

- A. **Complaint Defined:** A complaint is a written allegation by an employee or former employee who has been involuntarily terminated that he or she has not been treated according to the personnel policies, or other rules or regulations. Complaints must be initiated within 30 days of the alleged act and a copy of the complaint provided to Human Resources.
- B. **Step 1** - An employee should present the complaint to the supervisor and request time to meet and discuss the complaint. In consultation with Human Resources, the supervisor shall consider the complaint and all relevant information and respond to the employee in a timely manner.
- C. **Step 2** - If the problem is not resolved at Step 1, the employee shall next request a meeting with the Department Director. In consultation with Human Resources, the Department Director will conduct an

investigation and review the matter with appropriate persons. The Department Director shall respond to the employee within 10 working days, unless the response will take longer, in which case the director will keep the employee informed when the response will be available.

- D. **Step 3** - If the problem is not resolved at Step 2 and the employee wishes to pursue the complaint, he or she shall request a meeting with the City Manager. The City Manager shall meet with the employee. The City Manager shall also conduct an investigation or otherwise consider information relevant to the complaint.
- E. The City Manager shall issue a decision within 15 working days unless more time is needed, in which case the City Manager shall keep the employee informed of when the response will be available. The City Manager's decision shall be final and binding on the parties.

9.00 SEPARATION FROM EMPLOYMENT

9.01 Resignation

The City expects a resigning employee to give written notice to his/her supervisor at least 14 days in advance of the final working day.

9.02 Unauthorized Absence

Unauthorized absence from work for a period of three consecutive days will be considered as a voluntary resignation, unless the employee can provide a reasonable explanation to the Department Director.

9.03 Separation Procedures

The Human Resources Department will verify an employee's separation date and notify payroll. A final paycheck will be issued to the employee on the next regular payday after completion of the following: exit interview, return of City keys, car, ID card, credit cards, bus pass, tools and equipment, uniforms, printed materials, and any other property or resources which had been made available to the employee. In addition, Human Resources will resolve the status of retirement plans, insurance conversions, and deferred compensation programs, and will conduct an exit interview.

9.04 Layoff (Reduction in Force)

The City may lay off employees where there are changes in duties, reorganization of work or positions, a position or service is abolished, there is a lack of work, shortage of funding or for other legitimate business reasons.

- A. Whenever a layoff is anticipated, employees whose jobs may be affected will be notified of the situation and options available as soon as possible to allow time to make necessary arrangements.
- B. Extra help employees performing similar work will be laid off first.
- C. Regular employees will be retained on the basis of their ability to perform the remaining work, and on the basis of the City's ability to meet program needs. Length of service will be taken into consideration when the ability to perform and qualifications of the employees are equal. Layoffs are determined by classification on an organization-wide-basis.
- D. Options such as part-time work schedules, job sharing and voluntary time and/or pay reductions may also be explored, at the discretion of the City Manager.
- E. **Support for Laid Off Employees.**
 1. Once the employee has been notified of the future layoff, the employee shall be eligible for:
 - a. Job search assistance, tailored to the particular circumstances and authorized by the City Manager.
 - b. Limited time off for interviewing, subject to the approval of the Department Director.

2. After the layoff takes effect, the employee shall receive a severance package consisting of four (4) weeks pay and 10% of the employee's sick leave balance. If the employee leaves employment at the City prior to the layoff date, the employee is not eligible for the severance package.

F. **Rehire List.** Any regular employee who is laid off shall be placed on a City rehire list for a period of one year from the date of layoff. An employee shall not be placed on the rehire list if the employee leaves employment at the City prior to the layoff date. The City will honor an employee's written request to not be placed on or to be removed from the list. When hiring for any vacancy, the Department Director shall first consult Human Resources to determine if any employee on the rehire list is qualified for the vacancy. If there is a qualified employee on the rehire list, the employee shall be offered the position. In the case of more than one qualified employee on the rehire list, the position shall first be offered to the employee with the longest term of service with the City. An employee shall be removed from the list upon rehire by the City, a third refusal of a City job offer or the expiration of one year, whichever comes first.

CLOSING STATEMENT

We wish you successful employment with the City. If you have any questions about this handbook, please direct your questions to your supervisor or to Human Resources.

EMPLOYEE RIGHTS AND RESPONSIBILITIES UNDER THE FAMILY AND MEDICAL LEAVE ACT

Basic Leave Entitlement

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- For incapacity due to pregnancy, prenatal medical care or child birth;
- To care for the employee's child after birth, or placement for adoption or foster care;
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes the employee unable to perform the employee's job.

Military Family Leave Entitlements

Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform his or her duties for which the servicemember is undergoing medical treatment, recuperation, or therapy, or is in outpatient status; or is on the temporary disability retired list.

Benefits and Protections

During FMLA leave, the employer must maintain the employee's health coverage under any "group health plan" on the same terms as if the employee had continued to work. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

Use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

Eligibility Requirements

Employees are eligible if they have worked for a covered employer for at least one year, for 1,250 hours over the previous 12 months, and if at least 50 employees are employed by the employer within 75 miles.

Definition of Serious Health Condition

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave

An employee does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave

Employees may choose or employers may require use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, employees must comply with the employer's normal paid leave policies.

Employee Responsibilities

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedures.

Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the employer if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

Employer Responsibilities

Covered employers must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the employer must provide a reason for the ineligibility.

Covered employers must inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the employer determines that the leave is not FMLA-protected, the employer must notify the employee.

Unlawful Acts by Employers

FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement

An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

FMLA section 109 (29 U.S.C. § 2619) requires FMLA covered employers to post the text of this notice. Regulations 29 C.F.R. § 825.300(a) may require additional disclosures.

Appendix E

Department Operations

Emergency Management Employee Procedures

1.1 Emergency Staffing Plan

February 22, 2010

City Personnel Policy:

As provided in Section 5.05 of the City’s personnel policies: “The City is in the business of providing vital public services. This means that the City does not cease its operations during times of inclement weather or natural disasters” and has a commitment to continue to provide vital services to the community during emergency conditions, while maintaining a primary concern for the safety of City employees and their families. “Therefore, all employees are asked to make every reasonable effort to report to work during such times even if it is inconvenient.”

Activation of the Emergency Operations Center (EOC):

In the event of a widespread emergency or disaster the City’s Operational staff will need to respond to assist with response activities. The Emergency Operations Center, which is located at the Shoreline Fire Headquarters and Training Facility, will be activated to assess the situation in the City of Shoreline. (See ESF 5 Appendix C EOC Activation Procedures as to how the EOC will be activated). Staff assigned to the EOC should respond and assist with the situation assessment (see EOC Staffing Chart). Staff assigned to the City’s Operations functions from Public Works, Customer Service Team, and Park Maintenance will respond to Hamlin Park Maintenance Facility for deployment. Department Directors are responsible for ensuring their staff knows their assignments during such an event. It is important to note that not everyone will be reporting through their daily assigned department director. In the activation of the EOC, staff will be assigned to perform either through a Section Chief or a Command Staff member like the Incident Commander.

Notifying the City:

Employees assigned to the EOC or to Operations must attempt to notify the City if they are unable to report to their work assignment in the EOC or in the field.

Continued Staffing of Emergency:

After the situation assessment, the City Manager or his/her designee may decide that the situation will require staff over an extended period of time. He/she will

then initiate, through the Resource Unit of the Planning Section of the EOC, a staffing plan to ensure coverage of essential services for the duration of the event. This could include modifying the work schedule to a potentially longer work day than considered normal, including a 12 hour or longer staffing plan. Every attempt will be made to notify all City employees of this staffing decision and when they will be needed to work.

For employees who are required to remain at work upon the occurrence of a disaster or activation, departments shall make every effort to allow employees to check promptly on the status of their families and homes, provided that doing so does not compromise emergency response functions as defined in the City's Comprehensive Emergency Management Plan.

If You Are Not At Work During the Emergency:

If the EOC is activated, and you are not at work, you can call and/or email the EOC to give a status report as to your availability at (206) 801-2700 or at eoc@shorelinewa.gov. Your status report provides useful information for staffing for the duration of the event. If you are at work you will be given direction as to if you should remain or when you will need to return. You may also receive information from the City through the MyStateUSA.com employee notification system.

1.2 Departmental Emergency Staffing Plan for Catastrophic Events

Emergency During Non-business Hours:

If a widespread catastrophic event should occur, such as a large earthquake in the greater Seattle Metropolitan area during non-business hours, and there is no way to communicate to employees, the following plan will be in affect:

1. The EOC will be activated to coordinate the City's response to the event. All staff who are assigned to the EOC shall make every effort to respond to staff the EOC and report to your Section Chief or the Emergency Management Coordinator (EMC). On an annual basis the EOC Staffing Chart will be evaluated and updated as needed.
2. If you are assigned to the City's Operations Team (Public Works, Park Maintenance, and CRT), or a staff person who supports them administratively, you should respond and report in to the Operations Supervisor. Once a determination is made as to who has been able to make it to work, the Resource Unit of the Planning Section in the EOC will begin

working out a staffing plan in conjunction with the Public Works Operations Manager, to enable the City to meet the most immediate service needs to the community for the next operational period. This plan can also include the use of mutual aid and the Registered Disaster Volunteer Workers (Shoreline CERT members).

1.3 Emergency Contact Information

All regular employees are required to fill out the City of Shoreline Employee Emergency Contact Information form and submit it to Human Resources. A copy will be kept in Human Resources, in the EOC, and in the department. Employees are required to update the form any time the information provided on the form changes; they should also update their information using Employee Online.

Each department will have a protocol that allows for an appropriate way to contact their employees to relay any emergency information or need. In addition, employees are encouraged to use the City's Emergency Outgoing Hotline at (206) 801-2255 for general information and/or specific direction.

1.4 Emergency Preparation Encouraged.

All City employees are encouraged to preplan for the safety and welfare of their families and homes. All City employees are encouraged to have emergency provisions for their families and homes to survive a minimum of 72 hours if a crisis necessitates it.

2.1 Issued Equipment

March 31, 2005

The City of Shoreline has issued equipment to many employees to be able to communicate with other staff and to perform their assigned functions. If you have been issued such equipment, i.e. radios, phones, pagers, flashlights, etc., you are required to maintain the assigned equipment in a state of operational readiness and have immediate access to it.

1. If any assigned equipment becomes lost, damaged, or does not work the employee should report this to their supervisor immediately.
2. Supervisors will ensure all City owned equipment is repaired or replaced as soon as practical after being notified of its status by the assigned employee.
