   B) To replace all previous Interlocal Cooperative Agreements and all amendments thereto that previously created and established the current ACA.

   C) To provide for a Management Committee to determine the best manner in which to provide animal control services, including contracting with independent contractor(s) or a member entity for the provision of some or all of the animal control services required for the purpose of sharing the services and responsibilities among the Cities in the most efficient manner.

   D) To select and empower Pasco to serve as the Operating Jurisdiction for the day to day management of animal control services, including providing, if necessary, the manpower and facilities required to carry out all or a portion of the animal control function as identified in the Agreement.

   E) To provide a method for the sharing of the ongoing operating and administrative costs of providing animal control services as defined in this Agreement.

   F) To achieve equitable cost sharing for each of the Cities for animal control services, by avoiding redundant expenses, activities, and facilities, while enjoying the efficiencies of scale resulting from a unified service to the combined territorial jurisdictions of the Cities.

   G) To preserve to each of the Cities the ability to establish and enforce its own individual standards, regulations, and fees for animal control.

Each year, the annual budget and compensation due to the Operating Jurisdiction by each of the other

Interlocal Agreement – Operation of ACA - 5
Participating Jurisdictions shall be determined by the Committee prior to September 1 of the prior year. Any extraordinary or unanticipated cumulative expenses that may exceed the annual budget, must be approved by unanimous written consent of the Participating Jurisdictions. Each of the Participating Jurisdictions, other than Pasco, shall be responsible for payment of their pro-rata share of the compensation for the Operating Jurisdiction. As the Operating Jurisdiction, Pasco shall bill each of the other Participating Jurisdiction monthly, in conjunction with the billing for the monthly animal control contractor payments, that Participating Jurisdiction’s share of the annual compensation.

4. Admission of New Participating Jurisdictions and Subscribers.

A) Process for Adding New Participating Jurisdictions. Upon receipt of a written request by a jurisdiction to join as a Participating Jurisdiction in the ACA, the Committee may, upon unanimous approval, admit the applicant as a Participating Jurisdiction subject to determination of its proportionate share of facilities capital contribution, and of its operating costs which will be included in a written Addendum to this Agreement.

B) Subscriber. Upon receipt of a written request by a jurisdiction or other entity to receive a portion or all of ACA’s services for a contract fee, the amount and scope of such services will be included in a written Agreement.

5. Service Contractor. A service contractor shall be selected by the unanimous approval of the Committee to provide animal control services and implement and perform the Animal Control Plan. The services of the service contractor shall be managed by the Operating Jurisdiction pursuant to the terms of an Agreement negotiated between the ACA and the service contractor.

6. Animal Control Plan Basic Services. The Animal Control Plan as developed by the Committee and approved by the legislative body of each Participating Jurisdiction, shall provide a base level of services for each of the Participating Jurisdictions:

A) Shelter and holding of stray and owner surrender animals.

B) Enforcement of animal control ordinances of Participating Jurisdictions.

C) Cooperation with police departments and licensing programs of Participating Jurisdictions.
D) Animal Control Authority sponsored or provided programs to provide for or further adoption of stray or owner surrender animals and control the size of such animal populations

E) Regulation and apprehension of vicious or dangerous animals.

G) Apprehension of stray animals.

H) Impounding and boarding of apprehended animals.

I) Euthanasia of unclaimed animals.

J) Disposal of animal remains.

K) Owner notification of found animals and identi-code retrievals.

The level of the above-enumerated Animal Control Services together with the method and manner of the delivery of such services shall be delineated in the Animal Control Plan. The Participating Jurisdictions may modify the scope of the base level of services by mutual agreement.

Nothing herein will limit any of the Participating Jurisdictions from individually securing additional Animal Control Services above and beyond those basic services enumerated above and in the Animal Control Plan, from the Operating Jurisdiction, by contract for additional fees. Any such services shall be negotiated independently of this Agreement.

7. **Cost Sharing Assessment and Reimbursement.** The Operating Jurisdiction shall submit an annual budget on or before August 15 of each year, of expenses for Animal Control Services for approval by the Committee. Subscriber fees shall be included in the proposed budget. Each Participating Jurisdiction shall maintain by ordinance or regulation its own rates and charges for compliance with their respective animal codes and fines and forfeitures for its enforcement within its territorial jurisdiction. All revenues derived therefrom shall be solely the revenues of that Participating Jurisdiction. The specific fund necessary for the implementation of this Agreement shall be maintained at the Operating Jurisdiction and shall be designated the “Tri-City Animal Control Operating Fund.”

A) **Capital Improvement Cost Sharing.** Costs for capital improvements approved by the Participating Jurisdictions, shall be shared
equally among the Participating Jurisdictions. The Operating Jurisdiction shall bill the Participating Jurisdictions on behalf of the ACA.

B) Operating Cost Sharing. The cost of animal control authority operations including physical facility, maintenance and operating costs, administrative costs, management costs, and program costs, shall be shared among the ACA facility Participating Jurisdictions and subscribers to animal control authority services. Operating costs shall be classified as either base costs or usage costs according to the cost classification system established and periodically amended by the Committee in Exhibit A to this Agreement. The annual operating cost sharing formula established in subsection D) below of this section shall be used by the Operating Jurisdiction to bill the Participating Jurisdictions and subscribers monthly.

C) ACA Budget. The Committee shall adopt a budget annually. Incident to budget approval shall be the ability to reclassify the distribution of costs as identified in Exhibit A. The budget shall encompass all ACA facility, program and administrative costs. The budget and annual cost sharing formula to be applied to the budget, shall be submitted as approved by the Committee, to Participating Jurisdictions and subscribers by September 15 of each year.

D) Annual Operating Cost Sharing Formula. The costs included in Exhibit A to this Agreement will be shared initially among the Participating Jurisdictions of the ACA facility based on a two-part formula. The first part of the formula covers base costs and the second part covers usage costs. Initially, the base cost and usage cost share for each Participating Jurisdiction will be added together to establish the total cost share for each Participating Jurisdiction.

1) Base costs will be shared equally among the Participating Jurisdictions. The initial three (3) Participating Jurisdictions would share base costs on a one-third basis.

2) Usage costs will be shared proportionately among the Participating Jurisdictions based on the intake of animals. Animal intake shall be determined on the basis of a five-year average of annual data (January 1 to December 31) and shall include all types and breeds of animals. A rolling five years of annual data available at the time that the Committee submits its budget and collected and reported by the ACA shall be used for this purpose.

3) Additional contract services as provided for in Section 6 of this Agreement, shall be included in the budget and will be paid in full by the contracting jurisdiction.
4) Beginning January 1, 2017 the ACA shall collect and report monthly data on calls for service from each jurisdiction receiving services from the ACA. Calls for service will be defined and data shall be reported in a manner and format approved by the Committee.

5) Beginning with the 2023 annual ACA budget, the Committee shall modify the usage cost sharing portion of the formula to be applied in 2023 by averaging five running years of annual data for calls for service and animal intake for each Participating Jurisdiction. Equal weight will be given in the formula to intake and calls for service. The base cost sharing formula shall remain the same. The application of the base and usage cost formula and its calculation shall be submitted with each budget.

E) Change in Cost Sharing Formula Due to Addition or Deletion of Participating Jurisdictions or Subscribers. The cost sharing formula will be modified when Participating Jurisdiction or subscribers to ACA services are added or deleted from ACA agreements. Participating Jurisdictions would continue to share facility operating costs and base costs in equal shares determined by dividing total facility operating and base costs by the number of Participating Jurisdictions.

Usage costs would continue to be shared based on the proportional usage of all Participating Jurisdictions and subscribers. Until 2023 the usage cost formula based on animal intake in subsection D)5) above would apply, in 2023 and thereafter the cost sharing formula based on a combination of animal intake and calls for service in subsection D)2) above would apply. Additional Participating Jurisdictions or subscriber’s usage cost share would be determined according to annual data available at the time, which may initially be an estimate, followed by one year of data building over five years to a five-year average.

8. **Integration, Modification and Severability.** The Participating Jurisdictions agree that except for (a) the Personal Services Agreement with the service contractor; (b) annual budgets as submitted by the Committee including any reassignment of the allocation of costs as provided in Exhibit A; and (c) the Interlocal Agreement Between the Cities of Pasco, Kennewick and Richland for the Construction of an Animal Control Authority Facility, this Agreement is the complete expression of the terms hereto and any prior written or verbal representations or understandings not incorporated herein are excluded. This Agreement may be modified, amended, or terminated only upon written agreement upon unanimous approval of the Participating Jurisdictions. In the event any term or condition of this Agreement or application thereof to any person, entity, or circumstance is held invalid, such invalidity shall not
affect any other terms, conditions, or applications of this Agreement that can be given effect without the invalid term, condition, or application., and such provisions shall be deemed modified to secure such invalidity. ACA Operating Agreement  
Exhibit B

Example of annual cost sharing for three owner jurisdictions:

1. Base Costs are divided equally.

   Example base cost formula and its calculation
   
   Kennewick – one third  
   Pasco – one third  
   Richland – one third  

   If total annual base costs were $300,000 then each owner would pay one third per year ($300,000 / 3 = $100,000).

2. Usage Costs are divided proportionately based on an average of the last five full years of animal intake data.

   Example of usage cost formula and its calculation
   
   Kennewick – 39.4%  
   Pasco – 44.7%  
   Richland – 15.9%

If total annual usage costs were $600,000 then each participant would pay their proportion of the cost. Participant proportion X total usage costs = participants share of annual cost (39.4% X $600,000 = $236,400).

3. Total Cost

   Each owner would pay their base costs (one third) plus their usage cost (proportional cost) per year. For example, if base cost was $100,000 plus $236,400 in usage costs then total cost would be $336,400. It should be noted that participating jurisdictions may contract for additional services beyond the scope provided by ACA and would pay for those services in addition to their base and usage costs.
Example of annual cost sharing for three owners in 2022

1. Base costs would continue to be divided based on each owner paying one third.

2. Usage Costs are divided proportionately based on TWO FACTORS an average of the last five full years of animal intake data and an average of the last full five years of calls for service.

Example of usage cost formula and its calculation

Kennewick – 38.0% (Intake 39.4 plus Calls 36.8 divided by 2 = 38%)
Pasco – 43.3% (Intake 44.7 plus Calls 41.8 divided by 2 = 43.3%)
Richland – 18.7% (Intake 15.9 plus Calls 21.4 divided by 2 = 18.7%)

If total annual usage costs were $600,000 then each participant would pay their proportion of the cost. Participant proportion X total usage costs = participants share of annual cost (38% X $600,000 = $228,000).

3. Total Cost

Each owner would pay their base costs (one third) plus their usage cost (proportional cost) per year. For example if base cost was $100,000 plus $228,000 in usage costs then total cost would be $328,000. It should be noted that participating jurisdictions may contract for additional services beyond the scope provided by ACA and would pay for those services in addition to their base and usage costs.
**Example of annual cost sharing for three owner jurisdictions and two subscribers**

1. **Base Costs** are divided equally among owners.

   Example base cost formula and its calculation

   Kennewick — one third
   Pasco — one third
   Richland — one third

   If total annual base costs were $300,000 then each owner would pay one third per year ($300,000 / 3 = $100,000).

2. **Usage Costs** are divided proportionately among participants based on an average of the last five full years of animal intake data.

   **Example of usage cost formula and its calculation**

   Kennewick — 34%
   Pasco — 38.5%
   Richland — 13.8%
   Subscriber A — 3.1%
   Subscriber B — 10.6%

   If total annual usage costs were $600,000 then each participant would pay their proportion of the cost. Participant proportion X total usage costs = participants share of annual cost (34% X $600,000 = $204,000).

3. **Total Cost**

   Each owner would pay their base costs (one third) plus their usage cost (proportional cost) per year. For example, if base cost was $100,000 plus $204,000 in usage costs then total cost would be $336,400.
Each participant would pay only their usage cost share. For example, base cost would be zero plus 10.6% of $600,000 = $63,600.

It should be noted that participating jurisdictions may contract for additional services beyond the scope provided by ACA and would pay for those services in addition to their base and usage costs.
