Budget policies provide the framework for overall fiscal planning and management. The policies set forth guidelines for both current and long-range planning activities. The policies are reviewed annually for adherence and relevance, and provide standards against which current budgetary performance can be measured and proposals for future programs evaluated.

**General Budget Policies**

- The City Council adopts appropriations at the fund level.
- Department heads are responsible for managing their budgets within the total appropriated budget under their control.
- Any budget adjustment between funds shall be approved by the City Council.
- Budget adjustments within a fund shall be approved by the City Manager, and reported to the City Council. Adjustments affecting program implementation require City Council approval.
- Departmental expenditures shall be charged to the appropriate BARS account code, and not to accounts where an excess of funds may exist.

**Operating Budget Policies**

- Ongoing operations of the City shall be funded from ongoing revenues.
  
  **Status:** The 2010 budget planning process included one-time revenues in order to balance the 2010 budget.

- Revenues should be conservatively estimated, and expenditures budgeted at 100%.
  
  **Status:** Current practice.

- Investment interest revenues earned on fund balances in the Revenue Stabilization Fund is included in the General Fund.
  
  **Status:** Current practice.

  **Status:** Current practice.

- Whenever possible, alternative sources of funding shall be identified and examined for availability in order to minimize the use of debt financing.
  
  **Status:** The City aggressively seeks federal, state, and local grants, and low-interest Public Works Trust Fund Loans.

- Pay-as-you-go financing of capital improvements shall be utilized whenever feasible.
  
  **Status:** Current practice.

- Total general obligation debt shall not exceed seven percent (7%) of the actual assessed valuation of the City as required by law.
  
  **Status:** Current practice.

Capital Expenditure Policies

- A six-year capital improvement plan shall be developed and updated annually, including anticipated funding sources.
  
  **Status:** Current practice.

- Capital projects financed through the issuance of long-term debt shall not exceed the expected useful life of the capital project being financed.
  
  **Status:** Current practice.

- Transportation Impact Fees will be utilized in the following priority order:
  1. Payment of debt service on bonds or loans for “Comprehensive Transportation Plan” (CTP) identified eligible projects.
  2. Reimbursement of past CIP Transportation capital expenditures for CTP identified eligible projects.
  3. Reimbursement of current CIP Transportation capital expenditures for CTP identified eligible projects.
  4. Use as matching funds required to obtain grants for CTP identified eligible projects.

  **Status:** Current practice.

- The City shall coordinate development of the capital improvement budget with development of the operating budget. Future operating expenditures associated with new capital improvements will be projected and included in operating budget forecasts.
  
  **Status:** Current practice.
The City shall maintain all its physical assets at a level adequate to protect the City’s capital investment and to minimize future maintenance and replacement costs.

**Status:** Current practice.
