

PUBLIC UTILITY DISTRICT NO. 1 OF COWLITZ COUNTY, WASHINGTON

SCHEDULE 40 - PUBLIC STREET LIGHTING SERVICE

APPLICABILITY

Applicable to all governmental customers and contiguous state and county installations for street and highway lighting purposes.

CHARACTER OF SERVICE

From dusk to dawn daily, controlled by a photoelectric control or time switch to be mutually agreeable to the Customer and District.

MONTHLY RATE

The rate for this Service shall consist of two parts, Energy Charge and Facility Charges, as follows:

Energy Charge:

All Energy (Metered)

7.57¢ per kWh

Description	Lamp Type	kWh per month	Monthly Energy Charge per Luminaire
70 Watt	High Pressure Sodium	32	\$ 2.42
100 Watt	High Pressure Sodium	45	\$ 3.41
150 Watt	High Pressure Sodium	67	\$ 5.07
200 Watt	High Pressure Sodium	90	\$ 6.81
250 Watt	High Pressure Sodium	113	\$ 8.55
400 Watt	High Pressure Sodium	180	\$13.63
1600 Watt	High Pressure Sodium	720	\$54.50
70 Watt	Metal Halide	33	\$ 2.50
250 Watt	Metal Halide	117	\$ 8.86
400 Watt	Metal Halide	185	\$14.00
46 Watt	Light Emitting Diode (LED)	17	\$ 1.29
53 Watt	Light Emitting Diode (LED)	19	\$ 1.44
60 Watt	Light Emitting Diode (LED)	22	\$ 1.67
95 Watt	Light Emitting Diode (LED)	34	\$ 2.58
101 Watt	Light Emitting Diode (LED)	38	\$ 2.88
105 Watt	Light Emitting Diode (LED)	39	\$ 2.95
164 Watt	Light Emitting Diode (LED)	59	\$ 4.47
168 Watt	Light Emitting Diode (LED)	65	\$ 4.92

Facility Charge – District Owned and Maintained:

Description	Fixture Type	Monthly Facility Charge per Luminaire
100 Watt	High Pressure Sodium	\$4.65
200 Watt	High Pressure Sodium	\$4.85

METERING AND UTILIZATION

Where metering is impractical, monthly kwh consumption will be calculated at the manufactures rated consumption of the luminaries including losses, based upon 4,300 hours annual use. Prompt maintenance, including relamping as needed, of District owned street lighting equipment will be the responsibility of the District.

SPECIAL CONDITIONS

If it is necessary to extend District distribution facilities to provide service to new street light installations, the District’s line extension policy (EN-2) will apply.

Costs for minor relocations of District street lighting facilities to accommodate street improvement projects will be borne by the District. Otherwise, the costs for relocations of District street lighting facilities at Customer’s request will be borne by the Customer.

If District street lighting facilities are removed at Customer’s request, a discontinuance charge consisting of original cost, less depreciation, less salvage, plus removal cost will be made.

Adopted August 25, 2015
By Resolution No. 2705
