This Supplemental Franchise is granted on the condition that Part VII of the original Franchise granted to Lakewood Water District of Pierce County, Washington by the County Council of Pierce County on October 22, 1992, be amended as follows:

1. In the construction and installation of water system appurtenances and the excavation of trenches on County roads for the purposes of laying relaying, connecting, disconnecting, and repairing mains and pipes and making connections between the same to dwellings and other buildings of the consumers, Grantee shall be governed by and conform to the general rules adopted by Pierce County Public Works and Utilities, it is understood and agreed that Grantee is fully responsible for all such water system appurtenances within the limits of Pierce County right-of-way (inclusive of any lines or appurtenances conveying water from the Grantee); and Grantee, at no expense to the County, shall complete all such work and shall repair the County roads and leave the same in as good condition as before the work was commenced.

2. Pierce County shall make available to Grantee a list of anticipated projects for each new budget period as soon as is reasonably practicable.

3. Pierce County shall provide to Grantee two sets of preliminary plans for individual projects as soon as such plans are developed to a state of reasonable certainty, and shall advise Grantee of the anticipated date of start of work on such projects.
4. Grantee shall, when requested by Pierce County in writing, locate their facilities in the field, show those locations on one set of the preliminary plans provided, and return that set to Pierce County Public Works and Utilities - Transportation Services within four weeks of receiving the written request.

5. Pierce County shall provide to Grantee final plans for such projects as soon as such plans are available and shall confirm or correct the anticipated date of start of work on such projects.

6. Pierce County shall assist Grantee in determining how its facilities shall be relocated. Such assistance by Pierce County shall include, at a minimum, copies of plans (as required above) and specifications for such County projects, and information known to Pierce County as to existing survey control available for location of such County projects. Such assistance shall not subject Pierce County to any liability for the costs of relocating the subject facilities a second time if Grantee incorrectly relocated its facilities the first time.

7. When requested, Pierce County and Grantee shall meet to discuss how County projects and utility relocations can be accomplished with the least impact on the other. Pierce County's decision shall be final in such matters, but shall not be unreasonable.

8. Relocation of Grantee's facilities shall be completed in a timely manner defined as follows:

   Relocation of Grantee's facilities shall normally be accomplished in advance of County projects. In the event relocation of Grantee's facilities shall be done concurrently with such projects, Pierce County shall be so notified and agree to a written schedule for relocation. Compliance with such a written schedule shall be Grantee's duty. In no event shall relocation of Grantee's facilities interfere with the prosecution of County projects.

9. If Grantee should not relocate its facilities in a timely manner as required above, Pierce County may relocate, or cause to be relocated, such facilities of Grantee as Pierce County deems necessary, and in the manner Pierce County deems necessary, in its sole discretion. Grantee hereby indemnifies and holds Pierce County, its employees, officers, officials and agents totally free and harmless from all and any liability that may arise from damages caused by the relocation by Pierce County of the facilities of Grantee, even if such damages and liability arise from the negligence of Pierce County, its employees, officers, officials and agents.
10. Grantee hereby indemnifies and holds harmless Pierce County, its officers, officials, and employees, from damages that may arise from Grantee's failure to relocate its facilities in accordance with the dates for completion of relocation of facilities set forth above, or any other act or omission by Grantee, its contractor(s), agents, officers, or employees related to the provisions of this Franchise.

11. It shall be conclusively presumed that Pierce County will have suffered damages as a result of exercising its rights as set forth in Item 8 above, and compensation for such damages will be difficult to ascertain, and, therefore, Grantee shall compensate Pierce County for such damages in the amount of twice the amount of the cost of such relocation of Grantee's facilities by Pierce County.

12. The exercise of its rights, as set forth in Item 8 above, by Pierce County in no way relieves Grantee of completing and/or finalizing the relocation of its facilities at no expense to Pierce County if the relocation work done by Pierce County is incomplete.

13. In the event a law suit is brought by Pierce County against Grantee to collect damages presumed under Item 10 above, for the exercise by Pierce County of its rights under Item 8 above, Grantee hereby agrees the only issue will be the actual cost to Pierce County for relocating Grantee's facilities. The party prevailing in such an action shall be allowed its legal fees and costs.

The full acceptance of this Supplement to the Franchise and all its terms and conditions within 60 days from _____________________, 2008, by Lakewood Water District of Pierce County, Washington, organized and existing under and by virtue of the laws of the State of Washington, in writing, is to be filed with the Clerk of the Pierce County Council and shall be a condition precedent to its taking effect, and unless this Supplemental Franchise No. 1 is accepted within such time, said Supplemental Franchise No. 1 shall be null and void.
