Such notice may also be dispensed with as to special meetings called to deal with an emergency involving injury or damage to persons or property or the likelihood of such injury or damage, where time requirements of such notice would make notice impractical and increase the likelihood of such injury or damage. A. The Authority shall contract for the construction of the Center and shall ensure that the contractor selected is qualified to undertake development or construction of the Center.

The Authority shall proceed with diligence to construct the Center and shall have discretion, consistent with this Agreement, with respect to unit costs, design elements, selection of contractor, change orders, and all other matters relating to development of the Center.

The Authority shall comply with all applicable land use, environmental and construction requirements of the Poulsbo Municipal Code and State law.

The Authority shall retain all such personnel and procure all such services as are deemed appropriate to carry out the Project with reasonable efficiency, including provision of architectural, legal, developmental, management and advisory services for preparation of cost estimates, contract specifications and documentation, and inspection services during construction.

C. The Authority shall file a written report with the Legislative Authority at least once a month as to the progress of the Project until the Project is complete.

D. The Authority shall recommend to the City from time to time such adjustments in the Project or amendments to this Agreement as would improve the Project, further its purposes and objectives, or obviate or reduce difficulties encountered.

3. Funds and Accounts.

A. Community Educational Center Development Fund. The Authority shall establish the Community Educational Center Development Fund (the "Development Fund"). The proceeds of the Bonds shall be deposited in the Development Fund. The Development Fund and any accounts created therein and any earnings thereon

Money in the Fund shall be invested as provided in Resolution No. 91-01 of the Authority.

If the City Council finds that:

(i) the Center is not making substantial progress in accordance with this Agreement, or

(ii) reasonable measures are unlikely to succeed in completing the Center in a reasonable period of time, or

(iii) foreseeable resources are inadequate to complete the Center,

the Council may require that the uncommitted balance in the Development Fund be transferred to the City or used to retire the Bonds.

B. Bond Fund. The 1991 Bond Fund was created by Resolution No. 91-01 of the Authority for the purpose of paying the interest on and principal of the Bonds. The Bond Fund shall be held and administered by the Depository. The City shall pay the required Lease Payments to the Depository on or before each debt service payment date. The City will reasonably insure or otherwise maintain coverage for liability and property insurance of all insurable property and equipment then constituting the Center. Property loss proceeds shall be applied to repair or replace damaged property.

IV. TERM AND TERMINATION

1. The provisions of this Agreement shall remain in effect until the Bonds have been paid or their payment duly provided for. Either party may terminate this Agreement upon 30 days' prior written notice to the other in the event that:

   A. A final judicial determination, including exhaustion of all appeals, has been rendered that this Agreement and/or the Center violates the law in any material respect, or amendments to or changes in law shall deprive either party of the ability to render further performance as contemplated by this Agreement, and the parties cannot agree within 60 days upon amendments to bring this Agreement into compliance with the decision of the court or the amendments to the law; or

   B. The other party agrees or assents thereto; provided, however, that no such amendments shall act and no such termination shall be effective which impairs the security of any financing undertaken by the Authority that is secured by the City's obligation to make payments pursuant to this Agreement and the Lease.

2. Termination by the City under this section may be authorized only by ordinance duly adopted by the Legislative Authority. Termination by the Authority under this section may be authorized only by resolution duly adopted by the Board of Directors of the Authority.
3. In the event of termination under this section, and insofar as consistent with any applicable law or court judgment, the money in the Development Fund committed to particular Center activities for which the Authority has entered into contracts and previously authorized by the City shall remain in the Fund and be expended as authorized. Any uncommitted funds shall be returned to the City by the Authority as soon as practicable following termination or deposited into the Bond Fund if required by Resolution No. 91-01 of the Authority; provided, that the City may, in its discretion, authorize retention of such funds in the Development Fund and the expenditure of such funds for existing or proposed projects related to development of the Project for which no contracts have been executed.

V. MISCELLANEOUS PROVISIONS

1. Assignment. Neither party shall assign any of its rights or delegate any of its duties under this Agreement without the express written approval of the other, except as otherwise provided herein.

2. Indemnification. Each party shall hold the other party harmless from all suits, claims, or liability arising from the act or omission of the indemnifying party, its agents or employees, and from all claims for unpaid wages, remuneration for services, liens, and remittances for supplies arising from the Project; and in the event any such suit be filed against the indemnified party, the indemnifying party shall appear and defend the same, and if judgment be rendered or settlement be made against the indemnified party, to pay the same along with all costs and expenses of such defense.

3. Successor to Authority. In the event that the Authority is unable or unwilling to undertake its rights and obligations under this Agreement, the City may assume the Authority's right and obligations hereunder or find a replacement for the Authority.

4. Tax and Arbitrage Covenants. The City and the Authority hereby covenant that they will not take any action that would cause the interest on the Bonds to be subject to federal income taxation under the Code or such bonds to be considered "arbitrage bonds" under Section 148 of the Code or the regulations issued pursuant to the Code. In addition, the Authority and the City agree that they will not use the Center in a manner that would cause the Bonds to be "private activity bonds" under the Code and applicable regulations issued thereunder.

5. Entire Agreement. This Agreement contains the entire agreement and understanding of the parties with respect to the subject matter hereof, and supersedes all prior oral or written understandings, agreements, promises or other undertakings between the parties.
6. **Choice of Law.** This Agreement shall be governed by and construed in accordance with the laws of the State of Washington.

7. **Arbitration.** In the event of a dispute under this Agreement the parties agreed to abide by the decision of an arbitrator mutually agreed upon by the parties.

8. **Amendment or Waiver.** This Agreement may not be modified or amended except by written instrument approved by resolution duly adopted by the Board of the Authority and approved by the Legislative Authority of the City by ordinance. No course of dealing between the parties or any delay in exercising any rights hereunder shall operate as a waiver of any rights of any party.

9. **Severability.** Whenever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision will be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of this Agreement.

10. **Counterparts.** This Agreement may be executed in counterparts, and each such counterpart shall be deemed to be an original instrument.

11. **Effective Date.** This Agreement shall become effective upon its execution and approval by the Legislative Authority of the City and the Board of Directors of the Authority.

IN WITNESS WHEREOF, the City and the Authority have executed this Agreement this 16th day of January, 1991.

COMMENTS: The original construction schedule listed approximately nine (9) months of time allocated to complete all site improvements. Updated information has indicated that approximately six (6) months of building construction will be necessary to obtain substantial completion in order to occupy the facility. Another month or so will be necessary to complete punch list of miscellaneous items and finishes. If construction begins in early February 1991, and all goes well, substantial completion could be reached by early August 1991.

Section 7. Any casualty or condemnation proceeds arising from or out of the construction, maintenance or operation of the Community Educational Center shall be paid to the City.

Poulsbo Marine Science Foundation offers $15,000 to city upon lease renewal

POULSBO — The Poulsbo Marine Science Foundation came to a tentative agreement with the City of Poulsbo, offering $15,000 for building repairs at the Marine Science Center on Front Street so long as its lease in the building is renewed.

The offer came after Poulsbo Mayor Becky Erickson asked the foundation to help the city with its final debt payment on the building, a $30,000 bill the city paid out of its general fund this month.

The $15,000 would effectively reimburse the city for half the bond payment, though it would technically pay for a portion of repairs to the building’s siding. The city is contractually obligated to pay for all building maintenance, according to its lease with the foundation.

Erickson said significant repairs are necessary, including a new heating and cooling system, that over the next three years will cost the city $180,000. She called the offer from the foundation “generous.”

“I like this. I think this is at least a good start,” Erickson said.

The foundation wants its five-year lease renewed, and Erickson hopes to adjust the terms. She and foundation board president Bruce Harlow will meet over the coming weeks in an effort to come to an agreement regarding the lease, which is up for renewal at the start of next year.

Harlow said the foundation would not make the $15,000 payment if it weren't able to renew its lease. The foundation has secured funding for operations downtown for at least another five years, he said.

“We have the wherewithal and the plan to make it work,” Harlow said. “It’s good for the city and good for the businesses.”

The Marine Science Center offers an aquarium for visitors, as well as a classroom and floating lab for visiting school classes. Over the past three years 30,000 people have visited the aquarium, which is funded in large part by rental revenue from a portion of the building. The aquarium typically earns $1,200 in donations per month, but a pipe leak has left it closed since late November. It will likely reopen in April or May, and insurance is covering the cost of repairs.
Erickson said she still doesn't know how the city will pay for the building’s new heating and cooling system. It had been making payments on the building from a grant and donation fund set aside for that purpose, but those funds have run dry.

The original $650,000 bond for the building was issued to the Poulsbo Public Development Authority in 1991. It was refinanced in 2002 when the development authority was dissolved and the city took ownership of the debt. Both the city and Kitsap County have made payments over the years, though the city retains ownership of the building.

The North Kitsap School District formerly paid rent to hold classes at the center, but the school district has since moved out. The foundation has not paid rent since reopening the center in 2007. It closed for two years due to lack of funding. Because the building brings no revenue to the city, Erickson said it is difficult to fund.

“While I think everyone supports marine science education, there is a question in my mind if that's a core service of government,” she said.

Her goal is to secure the survival of the center and the viability of the building, she said.

Councilwoman Connie Lord called the marine science center a “gem” and “something we treasure.” “I would never want to see it go away,” she said.

The Finance and Administration Committee will meet to discuss the issue further March 16.
