This Request for Proposal (hereinafter referred to as RFP) announces the intent of the Thurston County Auditor's Office (hereinafter referred to as county) to enter into a contract with qualified ballot printers (hereinafter referred to as vendors) to provide ballot printing services for the county.

It is the intent of the county to contract with a single vendor who will provide the products and services as outlined in this RFP.

**B. Period of Contract**

The term of the contract is for two years starting July 1, 2017 and continuing until June 30, 2019, with two optional contract extensions for two year durations. **C. Mandatory Vendor Requirements**

All vendors must:

### **G. The Request for Proposal**

These RFP instructions are intended to provide vendors with a common, uniform set of instructions to guide them through the development of their proposal. Terms used and conditions imposed in this RFP are not intended to imply or denote a particular vendor nor are they to be construed as restrictive in any way. In responding to this RFP, vendors must follow the prescribed format as shown in Section VI and use included forms or reasonable facsimiles thereof. ## III. Proposal Conditions

### A. Contingencies

This RFP does not commit the county to award a contract. The county reserves the right to accept or reject any or all proposals if the county determines it is in the best interest of the county to do so. The county will notify all vendors in writing if the county rejects all proposals.

### B. Modifications

The county reserves the right to issue addenda or amendments to this RFP.

### C. Incurred Costs

This RFP does not commit the county to pay any costs incurred by vendors in the preparation of a proposal in response to this request, and vendors agree that all costs incurred by vendors in developing this proposal are the vendor's responsibility.

### D. Negotiations

The county shall require the selected vendor to participate in negotiations and to submit price, technical, or any other revision(s) of their proposals as may result from negotiations.

### **E. Acceptance or Rejection of Proposal**

Proposals shall remain open, valid and subject to acceptance any time within one hundred eighty (180) days after the proposal opening.

The county realizes that factors other than price are important and will award contract(s) based on the proposal that best meets the needs of the county. While cost may not be the primary factor in the evaluation process, it is important.

### **F. Alternate Proposals**

The county will consider any and all proposals. A list of suggestions or procedures that could be followed or methods of enhanced communication can be attached to the response. The county reserves the right to reject any or all proposals.

### **G. Formal Contract**

Vendor will be required to enter into a formal contract with the county. This RFP sets forth some of the general provisions which will be included in the final contract. In submitting a response to this RFP, the vendor will be deemed to have agreed to each clause unless the proposal identifies an objection, and the county agrees to a change of language in writing.

Failure to raise any objections to the contract language at the time of submittal of a response to this RFP will result in a waiver of objection to any of the contract language.

### **H. Final Authority**

The final authority to award a contract rests solely with the Thurston County Auditor.

### **I. Commercial General Liability – Insurance requirements**

The vendor shall maintain Commercial General Liability coverage for bodily injury, person injury and property damage, subject to limits of not less than \$1 million per loss.

#### **IV. Scope of Work**

##### **A. Background**

Thurston County is located in the southwestern part of the State of Washington and has a population of 265,000, of which approximately **175,000** are registered voters. The county conducts up to four elections per year in February, April, August and November, with August and November elections generally being countywide.

The county operates Election Systems & Software (ES&S) Model DS 850 central ballot scanners. Upcoming elections include, but are not limited to, the following dates:

1. August 1, 2017 Primary Election
2. November 7, 2017 General Election

##### **B. Requirements**

###### 1. Authorized Representatives

The county shall designate employees as authorized representatives who will be responsible for coordinating printing, approving proofs, providing purchase order authorization to print, and coordinating shipping and deliveries. The vendor shall act only on instruction from one of these designated employees. The vendor will likewise designate authorized representatives who will be responsible for coordinating printing and mailing under the contract. All references to the county in this proposal include the County Auditor and the designated authorized representatives.

###### 2. Access to Vendor's Facility by the County

Representatives of the county will be given full access to the vendor's premises at any time (day or night) when work is being performed for the county. If subcontracting is approved, the vendor will inform the subcontractor of the access privileges of authorized county representatives. Space will also be made available on-site for county proofreaders, if required by the county.

###### 3. Storage

The vendor will be prepared to receive and store 600,000 pieces of ballot stock (approximately a one year supply) for the county. If supply drops below 200,000 pieces, the vendor shall contact the county for additional supply to be delivered to the vendor.

### **C. Technical Requirements – Ballot Printing**

1. The selected vendor will print ballots for the Elections System & Software Model DS 850 central ballot scanners under the rules and guidelines established by the Office of the Secretary of State (WA), for the Primary, General, and Special Elections in 2017 through 2019. The types of ballots to be printed include:
  - a. Mail-in ballots @ 195,000 per countywide election
  - b. Test ballots @ 5-25 per precinct portion
2. The Auditor's Office will provide electronic ballot images for each ballot face and type, no later than two weeks prior to the scheduled delivery of the mail-in ballots. An electronic ballot order will also be provided at the same time. These files will be transmitted electronically to the vendor.
3. Timelines, milestones, and delivery dates will be agreed to at least 45 days prior to an election. The vendor will designate a project manager to be the single point of contact with the county.
4. Pricing will be provided on a unit cost basis for each type of ballot listed above based upon the projected quantities. All other additional costs, if any, will be provided separately.
5. Project management and quality control measures will ensure a 100% accurate assembly of the ballot quantities. Control measures will be in place to ensure that the correct ballots are boxed together and properly labeled with the quantity for each precinct portion. Representatives of the county may be present during the packaging process to ensure that the measures are in place and are being followed. Travel and lodging expenses for the Auditor's Office or other county employees will be the responsibility of the county.

### **D. Packaging**

1. Ballots should be printed in precinct and precinct portion order.
2. Ballots are to be kept separate by each precinct portion.
3. All ballots are to be placed flat in boxes by precinct portion. Consecutive precinct portions may be packaged together with dividers if they are the same precinct.
4. A detailed packing slip must be included in each shipment with exact number of ballots shipped per precinct portion.

5. Standard size boxes should be used and clearly labeled "ELECTION MATERIALS", in addition to content information, and quantities.
6. Boxes are to be palletized in precinct portion order.
7. Labels on palletized boxes shall be faced out for easy identification. Additional packaging and labeling instructions may be included with each order.

#### **E. Delivery**

1. Ground transportation should be considered the normal method of delivery for the purpose of calculating bid pricing. If the vendor chooses to ship via air transportation either as a matter of choice or in order to meet delivery deadlines, it shall be at no additional cost to the county.

Ballot materials will be delivered during normal business hours via motor freight or by the vendor to the Thurston County Auditor's Elections Ballot Processing Center, 2905 29<sup>th</sup> Ave SW, Suite E, Tumwater Washington 98512; phone number (360) 786-5408.

2. In the event of an emergency supplemental ballot order, or if it is determined that the county is responsible for a delay which would cause the vendor to be unable to meet delivery deadlines by normal ground transportation, the county or an authorized representative may authorize another form of transportation. Charges to the county for such would reflect the difference. Such authorization will be by phone and confirmed in writing within seven (7) days.
3. A comprehensive ballot inventory should be included with each delivery; when not shipping ballots in one complete load, please ship complete precinct portions only.

#### **F. Inspection and Acceptance**

All items are subject to final inspection and acceptance by the county. Such final inspection and acceptance shall be made within a reasonable time after delivery. The vendor must provide a delivery or packing slip detailing the specific quantities shipped, including the quantity and type of ballots, number of packing cartons and number of pallets. All quantities rejected by the county must be replaced by the vendor at no cost to the county.

Replacement is to begin within 24 hours and to be completed within 48 hours of notification by the county.

## **V. Contract Requirements**

### 1. Representative of the County

In the performance of the contract, the vendor, its agents and employees, shall act in an independent capacity and not as officers, employees, or agents of Thurston County.

### 2. Vendor Primary Contact

The vendor will designate an individual to serve as the primary point of contact for the contract. The vendor or designee must respond to the county inquiries within two (2) business days. The vendor shall not change the primary contact without written notification to the county.

### 3. Subcontracting

The vendor agrees not to enter into any subcontracting contracts for work contemplated under the Contract without first obtaining written approval from the county. Any subcontracting shall be subject to the same terms and conditions as the vendor. The vendor shall be fully responsible for the performance and payment of any subcontractor's contract.

### 4. Contract Assignability

Without the prior written consent of the county, the contract is not assignable by the vendor either in whole or in part.

### 5. Contract Amendments

The vendor agrees that any alterations, variations, modifications, or waivers of the provisions of the contract shall be valid only when submitted in writing, executed and attached to the original contract and approved by the required person(s).

6. Termination of Convenience

The county, for its convenience, may terminate the contract in whole or in part upon thirty (30) calendar days' written notice. If such termination is effected, an equitable adjustment in the price provided for in this contract shall be made. Such adjustment shall provide for payment to the vendor for services rendered and expenses incurred prior to the effective date of termination. Upon receipt of termination notice, the vendor shall promptly discontinue services unless the notice directs otherwise. The vendor shall deliver promptly to the county and transfer title to (if necessary) all completed work, and work in progress, including drafts, documents, plans, forms, data, products, graphics, computer programs, reports and paper stock.

7. Licenses and Permits

The vendor shall ensure that it has all necessary licenses and permits required by federal, state, county, and municipal laws, ordinances, rules, and regulations. The vendor shall maintain these licenses and permits in effect for the duration of this contract. Vendor will notify county immediately of loss or suspension of any such licenses and permits. Failure to maintain a required license or permit may result in immediate termination of this contract.

8. Notification Regarding Performance

In the event of a problem or potential problem that could impact the quality or quantity of work, and/or services, or the level of performance under this contract, the vendor shall notify the county within one (1) working day in writing and by telephone.

9. Inaccuracies or Misrepresentations

If in the course of the RFP process, or in the administration of a resulting contract, the county determines that the vendor has made a material misstatement or misrepresentation or that materially inaccurate information has been provided to the county, the vendor may be terminated from the RFP process, or in the event a contract has been awarded, the contract may be immediately terminated.

In the event of a termination under this provision, the county is entitled to pursue any available legal remedies.

10. Payment

The vendor shall be paid for product and services under this contract upon inspection and 100% (one hundred percent) completion of delivery unless otherwise agreed upon. The county will not pay for product delivery or handling of any items that do not meet the specifications of this proposal. Terms of less than 30 days will not be considered.

11. Delivery

Failure to deliver on time may result in termination of the contract. Acceptance by the county of a late delivery shall not waive the right to claim damage for such breach of contract nor constitute a waiver of the requirements for the timely performance of any obligation remaining to be performed by the vendor. The county reserves the right to procure the products and services from another source and may bill the vendor or deduct unpaid balances due the vendor for excess costs so paid, and the prices paid by the county.

12. Authorized Delays

Under unusual circumstances such as, (but not limited to), a court injunction, it may become necessary for the county to request the vendor to delay or stop printing certain materials. Such request will be made by telephone by an authorized representative of the county and confirmed in writing as soon as possible. In the event of an authorized delay, the county shall notify the vendor of a revised schedule concerning materials.

13. Release of Information

No news releases, advertisements, public announcements or photographs arising out of this contract or out of the vendor's relationship with the county may be made or used without prior written approval of the county.

8. Cost Sheets

Complete proposed cost details on Attachment F - Proposed Cost Sheets.

**VII. Evaluation Process**

**A. General**

All proposals will be subject to a standard review process developed by the county's Evaluation Committee. The committee will be comprised of appropriate county personnel with the appropriate experience and/or knowledge to ensure that the committee is balanced. - b. The proposal must be complete, in the required format, and in compliance with all the material requirements of this RFP.
- c. Prospective vendor must meet the requirements as stated in Attachment B - Mandatory Vendor Requirements.

- d. Prospective vendor must provide two (2) references from other agencies to which they have provided the same or similar service as being requested in this RFP, Attachment C - References.

2. Final Review

Proposals meeting the above requirements will be evaluated on the basis of the following criteria (not necessarily in order of priority):

- a. Cost will be used as a determining factor between equally qualified vendor proposals, Attachment F - Proposed Cost Sheets.
- b. Quality control and project management proposals.
- c. Experience and references from other jurisdictions using the same voting system for which the same range of services is provided.
- d. References from other elections customers.

**C. Contract Award**

- a. A contract will be awarded based on a competitive selection from the proposals received. A recommendation will be made by the Evaluation Committee to the Thurston County Auditor. The Auditor makes the ultimate determination regarding the award of contract.
- b. The contents of the proposal of the successful vendor will become contractual obligations, and failure to accept the obligations in this contract may result in cancellation of the award.
- c. The county anticipates awarding a single contract (see sample contract, Attachment E, which contains required contractual language). The county does, however, reserve the option to make the award it deems to be in the best interest of the county.
- d. The cost of service is an important factor in the evaluation process, but the county is not obligated to accept the lowest cost proposal. The ability to provide products and services in a timely manner at a low or reasonable cost in accordance with the RFP requirements is critical to a successful proposal.
