ORDINANCE NO. 15-1048**

AN ORDINANCE OF THE CITY OF BLACK DIAMOND, WASHINGTON, RELATING TO THE MEDICAL USE OF MARIJUANA, ADOPTING A COMPLETE PROHIBITION ON THE SITING, ESTABLISHMENT, GROWING, CULTIVATION, OPERATION OR LICENSING OF ANY PROPERTY, STRUCTURES, USES OR BUSINESSES RELATING TO MEDICAL MARIJUANA OR MEDICAL MARIJUANA CULTIVATION (WHETHER INDIVIDUAL OR GROUP CULTIVATION), STORAGE, SALE, DELIVERY, EXCHANGE OR BARTERING; ADOPTING FINDINGS TO SUPPORT THE PROHIBITION, DESCRIBING THE MANNER IN WHICH VIOLATIONS WILL BE ENFORCED, AND ADDING A NEW CHAPTER 20.04 TO THE BLACK DIAMOND MUNICIPAL CODE.

WHEREAS, since 1970, federal law has prohibited the manufacture and possession of marijuana as a Schedule I drug, based on the federal government's categorization of marijuana as having a "high potential for abuse, lack of any accepted medical use, and absence of any accepted safety for use in medically supervised treatment." *Gonzales v. Raich*, 545 U.S. 1, 14 (2005), Controlled Substance Act (CSA), 84 Stat. 1242, 21 U.S.C. 801 et seq; and

WHEREAS, the voters of the State of Washington approved Initiative 692 (codified as RCW 69.51A in November 1998); and

WHEREAS, the intent of Initiative 692 was that qualifying "patients with terminal or debilitating illnesses who, in the judgment of their physicians, would benefit from the medical use of marijuana, shall not be found guilty of a crime under state law," (RCW 69.51A.005), but that nothing in the law "shall be construed to supersede Washington state law prohibiting the acquisition, possession, manufacture, sale or use of marijuana for non-medical purposes" (RCW 69.51A.020); and

WHEREAS, the Washington State Legislature passed ESSSB 5073 in 2011, which directed employees of the Washington State Departments of Health and Agriculture to authorize and license commercial businesses that produce, process or dispense cannabis; and

WHEREAS, this bill required that the Department of Health develop a secure registration system for licensed producers, processors and dispensers, but these provisions, together with many others relating to dispensaries and definitions, were vetoed by the Governor; and

WHEREAS, ESSSB 5073 provided that a qualifying patient or his/her designated care provider are presumed to be in compliance, and not subject to criminal or civil sanctions/penalties/consequences, under certain defined circumstances (possession of a limited number of plants or usable cannabis, cultivation of a limited number of plants in the qualifying patient or designated care provider's residence or in a collective garden); and

WHEREAS, Washington's Governor vetoed all of the provisions relevant to medical marijuana dispensaries in ESSSB 5073 but left the provisions relating to cultivation of marijuana for medical use by qualified patients individually within their residences and in collective gardens; and

WHEREAS, ESSSB 5073 was codified in chapter 69.51A RCW; and

WHEREAS, RCW 69.51A.130 allows local jurisdictions to adopt zoning requirements, business license requirements, health and safety requirements, and to impose business taxes on the production, processing or dispensing of medical cannabis or cannabis products; and

WHEREAS, In November of 2012, the Washington voters passed I-502, which directed the Washington State Liquor Control Board (LCB) to regulate recreational marijuana by licensing and taxing recreational marijuana producers, processors and retailers; and

WHEREAS, the regulatory scheme in I-502 required the LCB to adopt rules before December of 2013 to address the methods for producing, processing and packaging of recreational marijuana, to establish security requirements for retail outlets, retail outlet locations and hours of operation, labeling requirements and method of transport of product throughout the state, taxing of marijuana-related activities, creation of a dedicated fund is created, consisting of marijuana excise taxes, license fees, penalties and other income: and

WHEREAS, on the LCB has now issued the new regulations (which appear in chapter 314-55 WAC), and which: prohibits the establishment of recreational marijuana businesses within 1,000 feet of certain identified sensitive uses, require criminal history background checks for licensees, establish qualifications for licensees, limits the amount of space available for recreational marijuana production, describes the manner in which marijuana growing may take place, limits the average inventory on the licensed premises at any time, limits the number of retailers within counties and cities within the counties based on estimated consumption and population data, establishes insurance requirements for licensees, describes the security requirements, requires employees to wear badges, requiring alarm and surveillance systems on the licensed premises, requires that licensees track marijuana from seed to sale, establishes the manner in which free samples of marijuana may be provided, prohibits the sale of soil amendments, fertilizers and other crop production aids, identifies transportation requirements, sign requirements, recordkeeping requirements, identifies a mechanism

for enforcement of violations, including the failure to pay taxes, specifies marijuana infused product serving sizes, maximum number of servings and limitations on transactions, identifies marijuana waste disposal restrictions, describes the process for quality assurance testing, extraction and the requirements for packaging and labeling, describes advertising limitations, explains the process for licensing suspension, revocation and penalties for violations; and

WHEREAS, the detailed licensing and comprehensive regulatory system for recreational marijuana in I-502 is substantially different from what little remains in chapter 69.51A RCW to regulate medical marijuana after the Governor's veto; and

WHEREAS, on August 29, 2013, the U.S. Department of Justice (DOJ) issued a Memorandum to all United States Attorneys, acknowledging that several states had adopted laws authorizing marijuana production, distribution and possession by establishing a regulatory scheme for these purposes; and

WHEREAS, in this Memo, the DOJ advised that in recent years, the DOJ has "focused its efforts on certain law enforcement priorities that are particularly important to the federal government," such as: (a) preventing the distribution of marijuana to minors; (b) preventing revenue from the sale of marijuana from going to criminal enterprises, gangs, and cartels; (c) preventing the diversion of marijuana from states where it is legal under state law in some form to other states; (d) preventing state-authorized marijuana activity from being used as a cover or pretext for the trafficking of other illegal drugs or other illegal activity; (e) preventing violence and the use of firearms in the cultivation and distribution of marijuana; (f) preventing drugged driving and the exacerbation of other adverse public health consequences associated with marijuana use; (g) preventing the growing of marijuana on public lands and the attendant public safety and environmental dangers posed by marijuana production on public lands; and (h) preventing marijuana possession or use on federal property; and

WHEREAS, in this Memo, the DOJ warned that "[i]f state enforcement efforts are not sufficiently robust to protect against the harms [identified above] the federal government may seek to challenge the regulatory structure itself in addition to continuing to bring individual enforcement actions, including criminal prosecutions, focused on those harms"; and

WHEREAS, in this Memo, the DOJ warned that a regulatory system adequate to this task "must not only contain robust controls and procedures on paper, it must also be effective in practice"; and

WHEREAS, in this Memo, the DOJ advised that "in exercising prosecutorial discretion, prosecutors should not consider the size or commercial nature of a marijuana operation alone as a proxy for assessing whether marijuana trafficking implicates the Department's enforcement priorities [listed above]" and that federal prosecutors "should continue to review marijuana cases on a case-by-case basis and weigh all available information and evidence, including, but not limited to, whether the

operation is demonstrably in compliance with a strong but effective state regulatory system”; and

WHEREAS, a comparison of the LCB’s proposed rules on recreational marijuana and chapter 69.51A RCW on medical marijuana demonstrates that there is virtually no state regulatory system for medical marijuana, and that even if local governments decided to adopt the type of medical marijuana system that would protect against the harms identified in the federal government’s enforcement priorities, most local governments do not have the resources to be able to enforce such regulations; and

WHEREAS, after considering the August 29, 2013 DOJ Memo, the City has determined that even if the City decided to adopt an ordinance on the subject of medical marijuana in order to provide the type of regulatory system that the DOJ might find adequate to protect against the harms identified in the federal government’s enforcement priorities, the City does not have the resources to enforce such a system; and

WHEREAS, on January 16, 2013, the Washington State Attorney General’s Office issued an opinion, which determined that local governments may decide to either zone or ban recreational marijuana uses within their jurisdictions; and

WHEREAS, on March 31, 2014, the Washington State Court of Appeals issued a decision in *Cannabis Action Coalition v. City of Kent*, 180 Wash. App. 455, 322 P.3d 1246 (2014), in which the Court determined that the “plain language of ESSSB 5073, as enacted, does not legalize medical marijuana or collective gardens,” and “instead, it provides a defense to an assertion that state criminal laws were violated,” *id.*, 180 Wash. App. at 472; and

WHEREAS, on October 3, 2013, the City passed Ordinance 13-1011, establishing a six month moratorium on the issuance of permits or licenses for medical marijuana collective gardens; and

WHEREAS, on March 20, 2014, the City passed Ordinance 14-1023, establishing a twelve month moratorium on the issuance of permits or licenses for medical marijuana collective gardens; and

WHEREAS, on January 6, 2015, the Planning Commission held a public hearing on this draft ordinance; and

WHEREAS, the Planning Commission did recommend approval of this draft ordinance; and

WHEREAS, on February 5, 2014, the Council considered this draft ordinance during its regular meeting;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF BLACK DIAMOND ORDAINS AS FOLLOWS:

Section A. The following new chapter 20.04 is hereby adopted in the Black Diamond Municipal Code, to read as follows:

Chapter 20.04

MEDICAL MARIJUANA PROHIBITED

Sections:

- 20.04.010 Findings.**
- 20.04.020 Definitions.**
- 20.04.030 Prohibited Activities.**
- 20.04.040 Uses Not Permitted in Any Zone.**
- 20.04.050 Violations.**
- 20.04.060 Enforcement.**

20.04.010 Findings. The Council adopts all of the “whereas” sections of this Ordinance as findings to support this ban on medical marijuana, as well as the following:

A. The purpose of this Ordinance is to enact a ban medical cannabis or medical marijuana, which explicitly prohibits medical marijuana dispensaries and prohibits medical marijuana collective gardens (including those defined in RCW 69.51A.085). This prohibition will be enforced until such time as the Washington State Legislature acts to adopt a regulatory and enforcement system for medical marijuana uses that satisfies the enforcement priorities established by the federal government. Once the Washington State Legislature acts, the City shall evaluate the new medical marijuana laws to determine whether any local regulation of medical marijuana collective gardens is necessary, and if so, whether the City has the desire or the resources to adopt and enforce such local regulations. This ban may only be lifted by the City Council in an ordinance specifically adopted for this purpose.

B. It is also the purpose of this Ordinance to stem the negative impacts and secondary effects associated with the marijuana uses (on-going or predicted) in the City, including but not limited to the extraordinary and unsustainable demands that have been or will be placed upon scarce City policing, legal, policy and administrative resources; neighborhood disruption, increased transient visitors and intimidation; the exposure of school-age children and other sensitive residents to medical marijuana, illegal sales to both minors and adults; fraud in issuing, obtaining or using medical marijuana prescriptions and murders, robberies, burglaries, assaults, drug trafficking and other violent crimes. The State of Washington has adopted a strict regulatory and enforcement system for the cultivation, processing and sale of recreational marijuana, but there is no state-wide regulatory scheme for medical marijuana. The City

acknowledges the federal government's recently medical marijuana enforcement efforts involving individuals/entities who/that attempted to avoid compliance with the more onerous recreational marijuana system by illegally operating medical marijuana collective gardens. Until new laws are adopted to bridge the gap between recreational and medical marijuana uses, and there is strict enforcement of these laws, the negative impacts and secondary effects described above are likely to occur/continue.

C. No part of this Ordinance is intended to or shall be deemed to conflict with federal law, including but not limited to, the Controlled Substances Act, 21 U.S.C. Section 800 *et seq.*, the Uniform Controlled Substances Act (chapter 69.50 RCW) nor to otherwise permit any activity that is prohibited under either Act, or any other local, state or federal law, statute, rule or regulation. This Ordinance is not intended to address or invite litigation over the question whether the State of Washington's medical marijuana laws (or this City's medical marijuana laws) satisfy the federal government's enforcement priorities. Nothing in this Ordinance shall be construed to supersede Washington state law prohibiting the acquisition, possession, manufacture, sale or use of medical cannabis or recreational marijuana in any manner not authorized by chapter 69.51A RCW or chapter 69.50 RCW. Nothing in this Ordinance shall be construed to supersede legislation prohibiting persons from engaging in conduct that endangers others, or that creates a nuisance, as defined herein. It is the intention of the City Council that this Ordinance be interpreted to be compatible with federal and state enactments and in furtherance of the public purposes that those enactments encompass.
