

CL: P.S. } 11-16-99  
AUD. }

**STATE OF WASHINGTON**

**CITY OF PORT TOWNSEND AND JEFFERSON COUNTY**

**INTERGOVERNMENTAL VENTURES**

IN THE MATTER OF DECLARING	}	PORT TOWNSEND RESOLUTION NO. <u>99-076</u>
AN INTENT TO FACILITATE AND	}	
EXAMINE JOINT VENTURES OF	}	JEFFERSON COUNTY RESOLUTION NO. <u>96-99</u>
COMMON SERVICE PROGRAMS	}	

Whereas, the City Council of the City of Port Townsend and the Jefferson County Board of Commissioners agree the public has an expectation of the respective governmental organizations to work collectively and cooperatively in the citizens' best interests, and

Whereas, the City Council of the City of Port Townsend and the Jefferson County Board of Commissioners believe this expectation can be brought forth by the thoughtful examination and collective action of the common service programs, capital facilities and telecommunications and technology services each provides the public, and

Whereas, sharing and jointly developing service programs, capital facilities and telecommunications and technology services to meet future needs may provide opportunities to reduce costs and provide more effective customer services, and

Whereas, the City Council of the City of Port Townsend and the Jefferson County Board of Commissioners have individually identified common programs, capital facility and telecommunications and technology services needs that exceed the respective individual jurisdiction's ability to pay.

Now therefore be it resolved, that the City Council of the City of Port Townsend and the Jefferson County Board of Commissioners agree to facilitate and examine joint ventures of all common service programs, capital facilities and related telecommunications and technology services whenever feasible, and

Be it further resolved that Jefferson County Board of Commissioners and the City Council of the City of Port Townsend hereby direct staff from each agency to develop a working model to evaluate the means to achieve the spirit of this resolution.
