

ORDINANCE NO. 1689

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BONNEY LAKE, PIERCE COUNTY, WASHINGTON, ESTABLISHING A COMPOST PROCUREMENT POLICY FOR THE CITY OF BONNEY LAKE AS REQUIRED BY RCW 43.19A AND ADDING A NEW CHAPTER TO TITLE 8 OF THE BONNEY LAKE MUNICIPAL CODE PROVIDING FOR SEVERABILITY AND CORRECTIONS, AND ESTABLISHING AN EFFECTIVE DATE.

WHEREAS, in March 2022, HB 1799 was signed into Washington law. The primary goal of the law is to increase the diversion of organic materials going to landfills in order to reduce methane emissions as landfills are a significant source of methane emissions; and

WHEREAS, as more organic materials are diverted and recycled, it is critical that the compost manufactured be procured by local jurisdictions and others to support the economic viability of these processes and programs. It is well established that compost production and use provide significant environmental benefits to our soil and food. HB 1799 encourages most cities and counties in Washington to adopt a compost procurement ordinance by January 1, 2023;

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF BONNEY LAKE, WASHINGTON DO ORDAIN AS FOLLOWS:

Section 1. Chapter 8.24 of the Bonney Lake Municipal Code is hereby readopted and entitled "Compost Procurement" to read as follows:

**Chapter 8.24
COMPOST PROCUREMENT**

8.24.010	Definitions.
8.24.020	General Policy.
8.24.030	Local Purchasing.
8.24.040	Education.
8.24.050	Reporting.

8.24.010 Intent of chapter – Definitions.

- A. The intention of this chapter is to establish a compost procurement policy for Bonney Lake to increase the diversion of organic materials going to landfills in order to reduce methane emissions as landfills are a significant source of methane emissions consistent with RCW 43.19A.
- B. The following terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section:

1. "Compost" means a product created with "composted material" as defined in RCW 70A.205.015(3). "Compost" includes, but is not limited to, 100% finished compost or blends that include compost as a primary ingredient. Mulch is considered a "Compost" if it contains a minimum of sixty percent composted material. Bark is not a "Compost".
2. "Cost prohibitive" means a product purchasing cost that exceeds 10% of the cost of another product that would serve the same purpose.
3. "Local" or "locally" as to compost providers means that such provider is located within a 25-mile radius of the city limits of Bonney Lake.

8.24.020 General Policy.

- A. Bonney Lake shall plan for compost use in the following categories:
 1. Landscaping projects;
 2. Construction and postconstruction soil amendments;
 3. Applications to prevent erosion, filter stormwater runoff, promote vegetative growth, or improve the stability and longevity of roadways; and/or
 4. Low-impact development of green infrastructure to filter pollutants or to keep water onsite, or both.
- B. Compost products shall be purchased for use in City projects in which compost is an appropriate material or on City property, provided it is not cost prohibitive to acquire. Procurement costs will include the product cost and all associated transportation and delivery charges. Bonney Lake is not required to use compost products if:
 1. Compost products are not available within a reasonable period of time or distance;
 2. Compost products that are available do not comply with existing purchasing standards;
 3. Available compost products do not comply with federal or state health, quality, or safety standards; or
 4. Compost purchase prices are not reasonable or competitive.
- C. Pursuant to RCW 43.19A.130, Bonney Lake will strive to purchase an amount of finished compost products equal or greater than fifty percent of the amount of organic materials the City delivered to the compost processor. This plan will be re-assessed

each December 31st of even-numbered years, beginning in 2024 and thereafter as part of the reporting obligations in BLMC 8.24.050.

8.24.030 Local Purchasing.

Bonney Lake will purchase finished compost products from companies producing compost locally, are certified by a nationally recognized organization, such as the US Composting Council, and produce finished compost products derived from municipal solid waste compost programs while meeting quality standards adopted by the Department of Transportation or adopted by rule by the Department of Ecology. If locally produced compost is not available, compost shall be sourced from outside the region, with preference given to products sourced as close as possible to Bonney Lake. Proof that locally produced compost was not available at the time of purchase or was cost-prohibitive shall be documented.

8.24.040 Education.

Bonney Lake shall conduct educational outreach to inform residents about the value of compost and how the jurisdiction uses compost in its operations each year.

8.24.050. Reporting.

By December 31, 2024, and each December 31st of even-numbered years thereafter, Bonney Lake shall report the following information to the Department of Ecology:

- A. The total tons of organic material diverted each year;
- B. The volume and cost of compost purchased each year; and
- C. The source(s) of the finished compost product purchased.

Section 2. Severability. If any section, sentence, clause, or phrase of this ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or constitutionality of any other section, sentence, clause, or phrase of this ordinance.

Section 3. Corrections. Upon the approval of the city attorney, the city clerk and/or code publisher is authorized to make any necessary technical corrections to this Ordinance, including but not limited to the correction of scrivener's/clerical errors, references, Ordinance numbering, section/subsection numbers, and any reference thereto.

Section 4. Effective Date. This Ordinance shall take effect and be in force five (5) days from and after its passage, approval, and publication, as required by law.

PASSED BY THE CITY COUNCIL this 13th day of December, 2022

Michael McCullough Mayor
