(253) 592-6758
procurement@portoftacoma.com

Unless authorized by the Procurement Coordinator, no other Port official or Port employee is empowered to speak for the Port with respect to this acquisition. Any Contractor seeking to obtain information, clarification, or interpretations from any other Port official or Port employee (other than the Contract Coordinator) is advised that such material be used at the Contractor's own risk. The Port will not be bound by any such information, clarification, or interpretation.

Following the Proposal submittal deadline, Contractors shall continue to direct communications to only the Port Procurement Coordinator. The Procurement Coordinator will send out information to responding companies as decisions are concluded.

Contact by a Contractor regarding this acquisition with a Port employee other than the Procurement Coordinator or an individual specifically approved by the Procurement Coordinator in writing, may be grounds for rejection of the Contractor's proposal.

Pre-Proposal Site Visit Conference

The Port shall conduct an **optional pre-proposal** conference on the time and date provided in page 1, at 1 Sitcum Plaza, Tacoma WA 98421. Due to security requirements, **Contractors desiring to attend must RSVP to the RFP Coordinator with the name of the representative attending 36 hours prior to the site visit. All attendees must have a picture ID in order to enter the terminal areas.** The purpose of this meeting is to ensure the Contractor has a complete understanding of the scope of work and to avoid any delays or performance issues that could have otherwise been prevented by attending the Site Visit meeting. This is an opportunity for Contractors to raise questions, concerns regarding specifications, terms, conditions, and any requirements of this solicitation. Failure to raise concerns over any issues at this opportunity will be a consideration in any protest filed regarding such items that were known as of this pre-proposal conference.

Questions

Contractors are encouraged to submit any questions they may have regarding this procurement. Getting answers during the procurement process allows Contractors to make a more informed proposal. Submit questions to the Procurement Coordinator no later than the date and time on page 1, in order to allow sufficient time for the Procurement Coordinator to consider the question before the bids or proposals are due. The Port prefers such questions to be through e-mail directed to the Procurement Coordinator e-mail address. Failure to request clarification of any inadequacy, omission, or conflict will not relieve the Contractor of any responsibilities under this solicitation or any subsequent contract. It is the responsibility of the interested Contractor to assure that they received responses to Questions if any are issued.

Changes to the RFP/Addenda

A change may be made by the Port if, in the sole judgment of the Port, the change will not compromise the Port's objectives in this solicitation. It is the responsibility of the interested Contractor to assure that they have received Addenda if any are issued.

Notwithstanding efforts by the Port to provide such notice to known Contractors, it remains the obligation and responsibility of the Contractor to learn of any addendums, responses, or notices issued by the Port. Such efforts by the Port to provide notice or to make it available on the website do not relieve the Contractor from the sole obligation for learning of such material.

Note, that some third-party services may independently post Port of Tacoma bids on their websites. The Port does not, however, guarantee that such services have accurately provided Contractors with all the information published by the Port, particularly Addendums or changes to bid date/time.

All Bids sent to the Port shall be considered compliant to all Addendums, with or without specific confirmation from the Bidder that the Addendum was received and incorporated. However, the Procurement Coordinator can reject the Bid if it does not reasonably appear to have incorporated the Addendum. The Procurement Coordinator could decide that the Bidder did incorporate the Addendum information, or could determine that the Bidder failed to incorporate the Addendum changes. If the changes are material, the Procurement Coordinator must reject the Offer, or the Procurement Coordinator may determine that the Bidder failed to incorporate the Addendum changes, but that the changes were not material and therefore the Bid may continue to be accepted by the Procurement Coordinator.

Contractor agrees to make no reference to Purchasing, any Purchaser, or the Port of Tacoma in any literature, promotional material, brochures, sales presentation, or the like, regardless of method of distribution, without the prior review and express written consent of the Purchasing Manager.

8. EVALUATION PROCESS

Step #1: Initial Screening: Purchasing shall first review submittals to for initial decisions on responsiveness and responsibility. Those found responsive and responsible based on this initial review shall proceed to Step 2

Step #2: Proposal Evaluation: The Port will evaluate proposals using the criteria specified below. Responses will be evaluated and ranked or scored.

Specifications: The Port will evaluate each Contractor's compliance with the specifications and other bid requirements set forth in the RFP.

Discounts for prompt payment shall be reviewed for acceptance and shall be calculated into the Contractor's response for purposes of evaluation.

Pricing: Items on price sheets shall then be calculated for purposes of award. Item pricing will be multiplied by the number of units required for an item total. Item totals will be totaled for all items for a tabulated total. In the event of an error in math, unit pricing will be considered the correct price and will be used. If any cost item is missing from a bidder Offer Form, the Port reserves the right to reject that Bid or to calculate and compare bids without that cost item considered.

Formula: Lowest total Bid evaluation price divided by a higher total Bid evaluation price (Bid that is being evaluated) multiplied by number of available points equals the cost factor evaluation points. Points will be rounded to two places to the right of the decimal point using standard rounding method.

The Contractor with the lowest Total Bid Evaluation Price will receive the maximum allotted points for pricing. All other Contractors pricing points will be proportionate to the most favorable pricing. The example calculation below shows that a Contractor whose bid price is twice as much as the lowest proposed price would receive only half of the maximum available points.

$$\begin{array}{rcccccc} & \text{Lowest Bidder} & & \text{Other Bidder's} & & \text{Maximum} & & \text{Awarded} \\ & \text{Total Bid Evaluation Price} & \div & \text{Total Bid Evaluation Price} & \times & \text{Available Points} & = & \text{Price Points} \\ \\ & \$100 & \div & \$200 & \times & 70 \text{ points} & = & 35 \text{ points} \end{array}$$

Proposals should present information in a straightforward and concise manner, while ensuring complete and detailed descriptions of the Firm's/Team's abilities to meet the requirement of this RFP. Emphasis will be on completeness of content.

Proposals are to address, and will be evaluated upon, the following criteria:

Evaluation Criteria:		Points
1	Price	35
2	Experience and Past Performance	20
3	Technical Proposal <ul style="list-style-type: none"> ▪ Breadth of Product line and Purposed Equipment ▪ Customer Service, Maintenance & Machine Servicing, and quality control ▪ Stocking Strategy and Purposed Account Transition ▪ Risk ▪ Best Value 	35
4	References	10
5	RFP Evaluation Total	100
6	Interview and Taste Test Total (Optional)	100

Step #3: Interview and Taste Test: The Port may conduct an interview and taste test with the top ranked firms that are considered most competitive. If an interview and taste test is conducted, rankings of firms and award configurations shall be determined by the Port, using the results of the interview and taste test.

The Contractor is to submit the list of names and company affiliations with the Procurement Coordinator before the interview and taste test. Contractors invited to the Interview and taste test are to may bring up to three (3) people total. The Contractor shall not, bring an individual who does not work for the Contractor or for the Contractor's Subcontractor on this project, without specific advance authorization by the Procurement Coordinator.

Step #4: Selection: The Port shall select the highest ranked Contractor for award.

Step #5: Contract Negotiations: The Port may negotiate elements of the proposal as required to best meet the needs of the Port, with the apparent successful Contractor. The Port may negotiate any aspect of the proposal or the solicitation.

Repeat of Evaluation Steps: If no Contractor is selected at the conclusion of all the steps, the Port may return to any step in the process to repeat the evaluation with those proposals that were active at that step in the process. In such event, the Port shall then sequentially step through all remaining steps as if conducting a new evaluation process. The Port reserves the right to terminate the process if it decides no proposals meet its requirements.

Points of Clarification: Throughout the evaluation process, the Port reserves the right to seek clarifications from any Contractor.

Tie Scores: In the event that the top two Contractors receive the same total score, the Port the Procurement Coordinator will use a coin toss to determine the winner. Those on the evaluation team shall serve as witness to the event.

3. Time of Beginning and Completion
Contractor shall begin the work stated in the "Scope of Work" ("work") section upon receipt of written notice to proceed from the Port. The Port will acknowledge in writing when work is complete. Time is of the essence.

4. Scope of Work

The Contractor is responsible for refusing orders that are not properly authorized by the contract or through other proper Purchase Orders issued by authorized persons from the Port. If the Contractor has consistent sales of unauthorized products or services, the Port reserves the right to use any of the following: terminate the contract in accordance with termination provisions, place the Contractor payments on "hold" for all incoming invoices while the Port determines which are authorized items eligible for payment, and/or refuse certain invoices that contain non-authorized items.

6. Payment/Payment Procedures

The Port agrees to compensate as specified herein or attached, in consideration of acceptable Contractor performance. Payment shall only be made for services performed and/or product delivered, after receipt, review, and authorization by the Port. 8. Taxes, Fees and Licenses

A. Fees and Licenses: Contractor shall pay for and maintain in a current status, any license fees, assessments, permit charges, etc., which are necessary for contract performance. It is the Contractor's sole responsibility to monitor and determine any changes or the enactment of any subsequent requirements for said fees, assessments, or charges, and to immediately comply with said changes during the entire term of this Contract. 9. Anti-Trust: Seller and Buyer recognize that in actual economic practice, overcharges resulting from anti-trust violations are in fact borne by the Buyer. Therefore, Seller hereby assigns to the Buyer any

and all claims for such overcharges.

10. Pricing

Pricing shall be subject to the following terms. The Contracts and Purchasing representative may exempt these requirements for extraordinary conditions that could not have been known by either party at the time of bid or other circumstances beyond the control of both parties, as determined in the opinion of the Contract Administrator. Changes (whether increases or decreases) may only be issued by the Contract Administrator. No other individual or Port Department has authorization to approve such modifications. The Contract Administrator shall issue price changes in writing. Absent a written contract document, such changes shall not be considered effective. The Change Order shall require joint signature.

Requests for Price Decreases: Contractors can offer volume discounts or improved pricing that is more favorable to the Port at any time, when a specific order is placed or when a long-term change in costs allows the Contractor to offer a permanent change to the contract prices. Requests that reduce pricing charged to the Port may be delivered to Contract Administrator at any time during the contract period. Such price reductions should use the same pricing structure as the original contract (i.e. discounts below list, mark-up above, fixed price, or hourly rates). The Port may likewise initiate a request to the Contractor for price reductions, subject to mutual agreement of the Contractor.

Requests for Price Increases must be delivered to Contract Administrator in accordance to the rules below. No other employee may accept a rate increase request on behalf of the Port. Any invoice that is sent to the Port with pricing above that specified by the Port in writing within this Contract or specified within an official written change issued by the Contract Administrator of this contract, shall be invalid. Payment of an erroneous invoice does not constitute acceptance of the erroneous pricing, and the Port would seek reimbursement of the overpayment or would withhold such overpayment from future invoices.

The Port will not be bound by prices contained in an invoice that are higher than those in the contract. Unless the Port has accepted the higher price and amended the contract, otherwise the invoice may be rejected and returned to the Contractor for corrections.

37. **Intellectual Property Rights**

Patents: Contractor hereby assigns to The Port all rights in any invention, improvement, or discovery, together with all related information, including but not limited to, designs, specifications, data, patent rights and findings developed in connection with the performance of Contract or any subcontract hereunder. Notwithstanding the above, the Contractor does not convey to The Port, nor does The Port obtain, any right to any document or material utilized by Contractor that was created or produced separate from this Contract or was preexisting material (not already owned by The Port), provided that the Contractor has clearly identified in writing such material as preexisting prior to commencement of the Work. To the extent that preexisting materials are incorporated into the Work, the Contractor grants The Port an irrevocable, non-exclusive, fully paid, royalty-free right and/or license to use, execute, reproduce, display, and transfer the preexisting material, but only as an inseparable part of the Work.

Contractor represents and warrants that it has all necessary legal authority to make the assignments and grant the licenses required by this Section.

38. Interlocal Cooperation Act

[RCW 39.34](#) allows cooperative purchasing between public agencies, and other political subdivisions. SMC 20.60.100 also allows nonprofits to use these agreements. If a public agency files or has filed an Intergovernmental Cooperative Purchasing Agreement with the Port of Tacoma, those agencies are eligible to purchase from Contracts established by the Port. Such agencies may ask Port of Tacoma Contractors to accept orders from the agency, citing the Port of Tacoma contract as the basis for the order. The Contractor may accept or decline such orders. If the Contractor accepts an order from another public agency using the Port of Tacoma contract as the basis, the Contractor agrees to sell additional items at the contract prices, terms, and conditions. The Port of Tacoma accepts no responsibility for the payment of the purchase price by other governmental agencies.

39. Expansion

Expansion of any resultant contract or Purchase Order may occur as allowed below. A modification may be considered per the criteria and procedures below, for any ongoing unexpired Contract. Likewise, a one-time Purchase Order may be modified if the bid reserved the right for additional orders to be placed within a specified period of time, or if the project or body of work associated with a Purchase Order is still active. Modifications must be mutually agreed to. The only person authorized to make such agreements on behalf of the Port is the Contract Administrator. No other Port employee is authorized to make such written notices. Expansions must be issued in writing from Contract Administrator in a formal notice. The Contract Administrator will ensure the expansion meets the following criteria:

- (a) It could not be separately bid,
- (b) The change is for a reasonable purpose,
- (c) The change was not reasonably known to either the Port or Contractors at time of bid or else was mentioned as a possibility in the bid (such as a change in environmental regulation or other law);
- (d) The change is not significant enough to be reasonably regarded as an independent body of work;
- (e) The change could not have attracted a different field of competition; and
- (f) The change does not vary the essential identity or main purpose of the contract.

The Contract Administrator shall make this determination, and may make exceptions for immaterial changes, emergency or sole source conditions, or for other situations as required.

Note: changes, which are not considered an expansion of scope, including an increase in quantities ordered the exercise of options and alternates in the bid, or ordering of work originally identified within the originating solicitation. If such changes are approved, changes are conducted as a written order issued by Contract Administrator to the Contractor.

40. Disputes

If a dispute arises relating to this Agreement and cannot be settled through direct discussions, the parties agree to endeavor to settle the dispute through a mediation firm acceptable to both parties, the cost of which shall be divided equally. The Port reserves the right to join any dispute under this Agreement with any other claim in litigation or other dispute resolution forum, and the Contractor agrees to such joinder, so that all disputes related to the project may be consolidated and resolved in one forum. Venue for any litigation shall be the Pierce County Superior Court of the state of Washington and the prevailing party shall be entitled to recover its costs and reasonable attorney's fees.

41. Termination

- A. For Cause: The Port may terminate this Contract if the Contractor is in material breach of any of the terms of this Contract, and such breach has not been corrected to The Port's reasonable satisfaction in a timely manner.
- B. For Port's Convenience: The Port may terminate this Contract at any time, without cause and for any reason including The Port's convenience, upon written notice to the Contractor.
- C. Non-appropriation of Funds: The Port may terminate this Contract at any time without notice due to non-appropriation of funds, whether such funds are local, state or federal grants, and no such notice shall be required notwithstanding any notice requirements that may be agreed upon for other causes of termination.
- D. Acts of Insolvency: The Port may terminate this Contract by written notice to Contractor. If the Contractor becomes insolvent, makes a general assignment for the benefit of creditors, suffers or permits the appointment of a receiver for its business or assets, becomes subject to any proceeding under any bankruptcy or insolvency law whether domestic or foreign, or is wound up or liquidated, voluntarily or otherwise.
- E. Notice: The Port is not required to provide advance notice of termination. Notwithstanding, the Contract Administrator may issue a termination notice with an effective date later than the termination notice itself. In such case, the Contractor shall continue to provide products and services as required by the Contract Administrator until the effective date provided in the termination notice.
- F. Actions Upon Termination: In the event of termination not the fault of the Contractor, Contractor shall be paid for the services properly performed prior to the effective termination date that has been specified by the Contract Administrator, together with any reimbursable expenses then due, but in no event shall such compensation exceed the maximum compensation to be paid under the Contract. Contractor agrees that this payment shall fully and adequately compensate Contractor and all Subcontractors for all profits, costs, expenses, losses, liabilities, damages, taxes, and charges of any kind whatsoever (whether foreseen or unforeseen) attributable to the termination of this Contract. Upon termination for any reason, Contractor shall provide The Port with the most current design documents, contract documents, writings and other product it has completed to the date of termination, along with copies of all project-related correspondence and similar items. The Port shall have the same rights to use these materials as if termination had not occurred.

42. Force Majeure – Suspension and Termination

This section applies in the event that either party is unable to perform the obligations of this contract because of a Force Majeure event as defined herein, to the extent that the Contract obligations must be suspended in full. A Force Majeure event is an event that prohibits performance and is beyond the control of the party. Such events may include natural or man-made disasters, or an action or decree of a superior governmental body, which prevents performance.

Should either party suffer from a Force Majeure event and is unable to provide performance, such party shall give notice to the remaining party as soon as practical and shall do everything possible to resume performance.

Upon receipt of such notice, the party shall be excused from such performance as is affected by the Force Majeure Event for the period of such Event. If such Event affects the delivery date or warranty provisions of this Agreement, such date or warranty period shall automatically be extended for a period equal to the duration of such Event.

43. Workers Right to Know

“Right to Know” legislation required the Department of Labor and Industries to establish a program to make employers and employees more aware of the hazardous substances in their work environment. WAC 296-839-300 requires among other things that all manufacturers/distributors of hazardous substances, including any of the items listed on this RFP or contract bid and subsequent award, must include with each delivery completed Material Safety Data Sheets (MSDS) for each hazardous material. Additionally, each container of hazardous material must be appropriately labeled with: the identity of the hazardous material, appropriate hazardous warnings, and the Name and Address of the chemical manufacturer, improper, or other responsible party.

Labor and Industries may levy appropriate fines against employers for noncompliance and agencies may withhold payment-pending receipt of a legible copy of the MSDS. OSHA Form 20 is not acceptable in lieu of this requirement unless it is modified to include appropriate information relative to “carcinogenic ingredients: and “routes of entry” of the product(s) in question.

44. Miscellaneous Provisions

- A. Amendments: No modification of this Contract shall be effective unless in writing and signed by an authorized representative of the Port, except as otherwise authorized herein. The Port shall issue change notices to Contractor, and such notices shall take effect under the signature of the Port unless written objection of the notice is received by the Contractor upon their receipt of the change notice.
- B. Conflict: In the event of conflict between contract documents and applicable laws, codes, ordinances or regulations, the most stringent or legally binding requirement shall govern and be considered a part of this contract to afford The Port the maximum benefits.
- C. Liens, Claims and Encumbrances: All materials, equipment, or services shall be free of all liens, claims or encumbrances of any kind and if The Port requests a formal release of same shall be delivered to The Port.
- D. Binding Contract: This Contract shall not be binding until signed by both parties. The provisions, covenants and conditions in this Contract shall bind the parties, their legal heirs, representatives, successors, and assigns.
- E. Applicable Law/Venue: This Contract shall be construed and interpreted in accordance with the laws of the State of Washington. The venue of any action brought hereunder shall be in the Superior Court for Pierce County, Washington
- F. Remedies Cumulative: Rights under this Contract are cumulative and nonexclusive of any other remedy at law or in equity.
- G. Captions: All titles, including sections or subsections, are for convenience only and do not define or limit the contents.
- H. Severability: Any term or provision of this Contract found to be prohibited by law shall be ineffective to the extent of such prohibition without invalidating the remainder of the Contract.
- I. Waiver: No covenant, term, or the breach thereof shall be deemed waived, except by written consent of the party against whom the waiver is claimed. Any waiver of the breach of any covenant, term, or condition shall not be deemed to be a waiver of any preceding or succeeding breach of the same or any other covenant, term or condition. Neither, the acceptance by the Port of any performance by the Contractor after the time the same shall have become due nor payment to the Contractor for any portion of the Work, shall constitute a waiver by the Port of the breach or default of any covenant, term or condition unless

otherwise this is expressly agreed to by The Port, in writing. The Port 's failure to insist on performance of any of the terms or conditions herein or to exercise any right or privilege or the Port 's waiver of any breach hereunder shall not thereafter waive any other term, condition, or privilege, whether of the same or similar type.

- J. Entire Contract: This document, along with any attachments and work orders, constitutes the entire agreement between the parties with respect to the Work. No verbal agreement or conversation between any officer, agent, associate or employee of The Port and any officer, agency, employee or associate of the Contractor prior to the execution of this Contract shall affect or modify any of the terms or obligations contained in this Contract.
- K. Negotiated Contract: The parties acknowledge that this is a negotiated Contract, that they have had the opportunity to have this Contract reviewed by respective legal counsel, and that terms and conditions are not construed against any party on the basis of such party's draftsmanship thereof.
- L. No personal liability: No officer, agent or authorized employee of the Port shall be personally responsible for any liability arising under this Contract, whether expressed or implied, nor for any statement or representation made herein or in any connection with this Contract.

IN WITNESS WHEREOF, in consideration of the terms, conditions, and covenants contained herein, or attached and incorporated and made a part hereof, the parties have executed this Contract by having their authorized representatives affix their signatures below.
