INTRODUCTION

PURPOSE AND BACKGROUND

The City of Spokane, through its Community, Housing, and Human Services (CHHS) Department (hereinafter “City”) is initiating this Request for Proposals (RFP) to solicit Applications from social service agencies serving the City of Spokane and Spokane County to operate a new emergency shelter to serve

homeless adults (both men and women). Based on national best practice and local data on shelter interventions that achieve the greatest outcomes for their clients, this new shelter will offer targeted services to meet the individual needs of those accessing them and, ultimately, operate full time with a series of on-site components that will be phased in, to account for construction at the new facility and adequate planning and coordination with partners. Awarded applicant(s) will have the opportunity to participate in and support the design of the new facility.

ELIGIBLE APPLICANTS

Eligible applicants include:

- Governmental entities serving within the City of Spokane
- Public and private nonprofit organizations – typically 501(c)(3)
- Private for-profit organizations
- Faith based organizations

Additionally, applicants must be able to demonstrate the legal, financial, and programmatic ability to administer the proposed project and meet the City contracting requirements such as insurance thresholds, audit and financial requirements, and business licensing requirements (see Agreement Terms section). All successful applicants (Grantees) must have a Dun and Bradstreet Universal Numbering System (DUNS) number before project implementation and an active System for Award Management (SAM.gov) account.

Please note: No individual shall be excluded from participation in, denied the benefit of, subjected to discrimination under, or denied employment in the administration of or in connection with contracts or agreements that may result from RFP because of age, sex, race, color, religion, creed, marital status, familial status, sexual orientation including gender expression or gender identity, national origin, honorably discharged veteran or military status, the presence of any sensory, mental or physical disability, or use of a service animal by a person with disabilities.

FUNDING

The total amount available for the new emergency shelter will be determined through the City of Spokane budget process. Any contracts or agreements awarded as a result of this procurement is contingent upon the availability of funding. Applications completed in response to this RFP should include a realistic budget in accordance with the proposed project. Cost may be an evaluation factor.

PERIOD OF PERFORMANCE

Organizations awarded funding through this NOFA will receive a funding commitment to be integrated into the CHHS Department's five year funding cycle, with a period of performance tentatively beginning August 1, 2019 and running through June 30, 2024. This approximately five-year term will provide project stability, allow Grantees to focus on outcomes, and reduce the administrative burden of grant projects. Funding commitments will be fulfilled through grant agreements subject to annual renewals contingent upon grantee performance and the City's receipt of funding.

RISK ASSESSMENT

The purpose of the organizational risk assessment is to determine how prepared the applicant is to administer public funds. Four categories are assessed through this evaluation including management systems, the results of prior audit reports and monitoring events, financial stability, and performance history. Special award conditions may be imposed as a result of the risk assessment and associated risk determination. Failure to provide applicable supporting documentation will affect the risk determination. The risk determination will influence the CHHS Department's monitoring and technical assistance plan and determinations will be provided to the panels and/or committee members reviewing RFP responses. Grantee organizational risk will be assessed annually throughout the period of performance as detailed below.

ANNUAL REVIEW

Due to the length of the award period, grantees and awarded projects will undergo, at minimum, an annual review process conducted by CHHS and project based review committees. The grantee is subject to a continuous risk assessment which will evaluate the same categories as described in the Risk Assessment section above. In addition to the continuous risk assessment, programmatic reviews will be conducted to evaluate the following:

- Project performance
- Project financial position
- Project successes and constraints, including possible enhancements
- Project sustainability

The results of the continuous risk assessment and the programmatic review will be provided to the CHHS advisory boards and may result in amendments to the grant agreement. Amendments may include, but are not limited to: adding or removing special conditions, performance measure adjustments, addition or reduction in project funding, or agreement termination.

EMERGENCY SHELTER OPERATIONS AND STAFFING

DESCRIPTION

Individual adult homelessness continues to rise within our community. With a gap in 24/7 services for this population, including couples without children, the City is seeking proposals to improve access to this life-saving intervention. Emergency shelters play a critical role in a crisis response system. Low barrier, permanent housing-focused shelters not only ensure individuals and families have a safe place to stay, but that their experience of homelessness is as brief as possible. Emergency shelters should ensure that they have no barriers to entry and have inclusive policies for all persons. In addition, emergency shelters should be housing-focused with case management targeted at reducing client's barriers to housing and connecting the household to housing options through Coordinated Assessment and other non-homeless housing programs.

RESOURCES

[NAEH Emergency Shelter Learning Series](#)

PERFORMANCE MEASURES

- The average nightly utilization of emergency shelter inventory (Continuous Stay Shelters Only).

- The average length of time from project enrollment to clients' date of engagement (Night-by-Night Shelters Only).
- The average length of time persons are homeless in Emergency Shelter.
- The percentage of exits to permanent housing destinations.
- Percentage of households exiting to permanent housing destinations who return to homelessness within 2 years.

ELIGIBLE EXPENSES

Please reference Appendix A- Eligible Expenses for detail on allowable activities.

INELIGIBLE EXPENSES

- Fundraising
- Political activities
- Replacement of operating reserves
- Alcohol or tobacco

ADDITIONAL FIRE & SAFETY REQUIREMENTS

In addition to the requirements contained in the Fire Prevention Code and other City codes, the operator(s) of an emergency shelter shall:

1. Post emergency telephone numbers near each telephone including, but not limited to, '911' and poison control.
2. Provide 2A:10BC fire extinguishers at a maximum spacing of 75 feet in space designated as an emergency shelter.
3. Not allow cooking in any room which is used for sleeping.
4. Not allow smoking at any time within the building. Signage must be posted.
5. Provide First Aid kits to accommodate the number of people in the emergency shelter.
6. Post fire exit diagrams.
7. Ensure standard procedures exist and regular fire drills are practiced.

REPORTING

1. Operator(s) of the emergency shelter will be required to enter client level data in the HMIS for each client accessing the Emergency shelter.
2. HMIS Timeliness Standard: The City expects that the Operator(s) will strive for real time data entry. The baseline timeliness standard for all City-supported homeless service project is that data for any given month shall be entered in HMIS no later than the 5th day of the following month.

COMPENSATION

A selected emergency shelter program award will be made to one or more agencies, or a collaboration of agencies, serving households consisting of adults without minor children.

APPLICATION REVIEW AND SELECTION PROCESS

The review and selection process is designed to ensure that grant applications submitted for funding under this RFP are evaluated based on a fair, equitable, transparent, free of bias, and timely process. This process assures that awards made address the needs of the community through alignment with the priorities and goals provided in the Strategic Plan to End Homelessness and the Consolidated Plan.

The applicant review committee, which may contain representation from the CHHS Department, other City Departments, the Continuum of Care (CoC) Board, and other non-conflicted experts deemed appropriate, will review applications. The committee will provide a recommendation for funding to the CoC Funding and RFP Committee and/or CoC Board and to the City of Spokane City Council.

The criteria by which a new emergency shelter project will be selected is:

1. Experience and proven track record in working with and providing services to people experiencing homelessness

2. Experience working alongside Spokane Police and Fire Departments
3. Program plan as submitted in the application
4. Partnership and collaboration with the homeless crisis response system and the City of Spokane CHHS Department
5. Ability to meet all conditions and requirements if designated as an emergency shelter operator.

NOTIFICATION TO APPLICANTS

After award recommendations have been approved, applicants will be sent an Intent to Award notification.

DEBRIEFING OF UNSUCCESSFUL APPLICANTS
