APPENDIX "B"
SURVEILLANCE MEMO
DATED 3.7.13

The parties have agreed that no surveillance equipment or recorded material will be used by BFT for the purpose of finding misconduct or issuing discipline, referred to by the parties as "witch hunt", "targeted surveillance" or "fishing".

The exceptions to the above are cases where BFT receives a report of a complaint, accident, incident or event from a customer, employee, or a member of the public where BFT investigates the report involving a Teamster. If Management reviews recorded material under such circumstances and management determines there may be a basis for potential discipline, they will notify the Union and provide a copy of the material.

Any finding of misconduct or discipline must be related to the specific incident which was the subject of the accident, incident, event or complaint.
