

SNOHOMISH COUNTY JOB DESCRIPTION

MEDICAL INVESTIGATOR I

Spec No. 4039

BASIC FUNCTION

To investigate the scene and circumstances surrounding deaths coming under the jurisdiction of the Medical Examiner's Office.

STATEMENT OF ESSENTIAL JOB DUTIES

1. Receives notification of deaths, determines jurisdiction within the Medical Examiner's Office standard guidelines.
2. Responds to investigate death; photographs the scene and decedent; conducts visual inspection of the decedents and makes notes of the condition of the body; collects and reviews medical records and demographic information that is pertinent to cause and manner of death.
3. Gathers, secures and transports human remains; collects, preserves and transports evidence relevant to the cause and manner of death from death scenes.
4. Locates and notifies next-of-kin; collects, secures and releases personal property to next-of-kin; releases human remains to funeral homes. Transfers evidence via chain-of-custody to law enforcement agencies.
5. Writes complete, accurate and comprehensive statements of investigation, describing the scene and circumstances of death to assist the Medical Examiner (pathologist) in the determination of cause and manner of death.
6. Performs general housekeeping duties, restocks supplies.
7. Answers phones, performs data entry and routine office functions, maintains logs and records of work performed, works with bereaved families with respect and compassion, provides courteous, high quality service to members of the public and co-workers. May be required to provide testimony in court.

STATEMENT OF OTHER JOB DUTIES

8. Performs related duties as required.

MINIMUM QUALIFICATIONS

Must be at least 21 years of age. Must have two (2) years of full-time experience as a medical investigator or autopsy/pathology assistant for a medical examiner OR coroner's office; OR, any combination of investigative, pathology assistant/autopsy technician and medical training and experience in a medical field (e.g. nursing, medic, surgical tech); AND an Associate's degree with course work in biology, anatomy or physiology; Must pass job related tests.

SNOHOMISH COUNTY JOB DESCRIPTION

MEDICAL INVESTIGATOR I
